2 Hurt Seriously In Area Traffic

Child Hit By Auto In City

Car Dives Over Embankment

A four-year-old Mansfield child and a 64-year-old Bellville man were seriously injured yesterday in separate accidents in and near the city.

Kay Benich, 4, daughter of Mr. and Mrs. Paul Benich, 746 Bowman street, suffered a fractured lower right leg and facial bruises at 8 p. m. yesterday when she ran into the path of a car while playing in front of her home.

Alonzo Grinnell, 64, of Bellville, suffered a broken back and contusions of the head and face at 4:30 p. m. when his car crashed through a guard rail and plunged over a 20-foot embankment just north of Bellville on State Route 13.

Sheriff's deputies, who were called on the Bowman street accident, said James Francis of Hanna road, driver of the car which struck the Benich child, told them the girl darted into the path of his car. He was traveling about 25 miles an hour, he said.

IN FAIR CONDITION

Another motorist, Eddie Booker, Louis street, confirmed Francis's explanation of the accident. The child was reported in "fair" condition today at General hospital.

State highway patrolmen said Grinnell apparently attempted to pass another car on the highway and lost control of his car. The accident occurred one and four-tenths miles north of Bellville. Grinnell was reported in "good" condition at General hospital today.

Another accident at 12:30 a. m. today on East Townview circle left Allen Gene Simms, 18, of 295 Newman street, unharmed.

Police said Simms was traveling north on the street and that he was unaware that it was dead-end until he came to the top of the hill. Simms told them he swerved sharply to the right to keep from hitting a guard rail and upset the car in the lawn at 485 East Townview circle, causing damage to the lawn and a telephone guy wire.

Party Line Limit Seen

COLUMBUS — (AP) — Rural telephone service is going to be better before long, the House Commerce and Transportation committee heard last night.

Representatives of small phone firms told the committee they could get equipment and make the changes demanded by subscribers before 1952.

The committee is considering a bill to require such companies to provide adequate service by Jan. 1, 1952. Such service includes no more than eight telephones on one "party line."

The phone measure by Rep. Robert W. Reider (I-Ottawa) originally called for five phones on a party line. The limit was changed to six and now it stands at eight.

William Bebout, representing the Russell Township men's Civic club of Geauga county, said 14 phones were on his party line.

Committee members expressed belief the measure will be recommended for passage next week. About 40 counties were represented at the hearing.

Europe Saved, Bevin Claims

LONDON — (INS) — British Foreign Secretary Bevin, leaves tomorrow for Washington and the signing of the Atlantic pact, convinced that western Europe has been saved from communism.

Bevin, speaking last night to the House of Commons, stressed the return of economic and political stability to the west, and added:

"Western Germany is safe. I don't believe they will go communist now. France and Italy have also been saved."

Squirrel On Biting Spree; Bests 3 Men

AKRON — (INS) — Residents on Stabler street in Akron relaxed today now that the neighborhood's "mad" squirrel was gone.

The enraged animal battled four men, including a policeman, and bit three of them before he was captured in a block-wide squirrel hunt.

The squirrel had bitten two men and was hunting down a third when Patrolman Robert King came on the scene.

King was bitten on both legs before he could subdue the little animal with his club. King was later treated at Peoples' hospital.

Physician Found Sane After Tests

Mifflin Man Faces Abortion Charge

ASHLAND — Declared sane at Lima State hospital after 30 days of observation, Dr. Wayne E. Young, 58, Mifflin physician, indicted here in January for criminal abortion, was to be returned here today.

The former Mansfield physician was committed to the Lima hospital for observation Feb. 22 by a three-judge court here when defense attorneys indicated the doctor had been previously declared insane in a Richland county court.

In their report, Dr. R. E. Bushong, superintendent of the hospital, and his assistant, Dr. R. L. Johnson, stated they were informed as to the man's excessive use of alcohol and the two or more acute psychotic episodes he experienced because of alcoholic overindulgence.

"At this time he manifests no acute psychotic symptoms but rather presents a picture of beginning deterioration." said the doctors in the message received Wednesday by Judge H. E. Culbertson of Ashland county common pleas court.

The doctors said there is "evidence of blunting of the moral sense, weakening of the will power, defective memory, impaired judgment and loss of personal pride."

Despite these manifestations, the doctors said, they found that Dr. Young is sufficiently integrated to know the difference between right and wrong and that he can be regarded as competent and legally sane.

Annual Movie 'Oscar' Race Ends Tonight

HOLLYWOOD — (INS) — A Host of Hollywood's biggest stars were miffed today because they can't attend filmdom's flossiest affair — the annual Academy award presentations.

The puniest crowd in the 21-year history of the fabulous event will jam its way tonight into a dinky theater the holds only 950 persons. And 500 of those reserved parking places go to members of the working awards of coveted golden "Oscars."

You couldn't snag an extra ticket anywhere around movietown today. As one disgruntled leading man remarked:

"A dozen taffy-makers couldn't combine enough pull to wrangle a ducat."

Note Floats Around In Creek 33 Years

CHILLICOTHE — (AP) — A note Fred Hanawalt put in a bottle 33 years ago has turned up in Paint creek, a short distance from where Hanawalt works.

When he was a boy of 16, Hanawalt tossed the bottle in the same creek, about 33 miles from where it was found.

Meet On 'Deadlock'

LAKE SUCCESS, N. Y., — (INS) — The United Nations is making a new bid today to break the deadlock between the Dutch and the Republic of Indonesia.

'Outstanding Young Man of '48'

Wolford Wins JayCee Award

Richard H. Wolford, 38 Sturges avenue, last night received the Distinguished Service Award as Mansfield's outstanding young man of 1948.

The presentation was made as one of the features of the annual Junior Chamber of Commerce "Bosses Night" banquet at the Mansfield-Leland hotel.

Ohio State's football coach Wesley Fesler shared the spotlight with Wolford. Fesler, who directed the Buckeyes to a near Rose Bowl bid, interspersed his speech with blackboard sketches of several Ohio State plays and a movie showing the offensive highlights of the 1948 season.

The 30-year-old Wolford's civic contributions "above and beyond" the line of duty are many and far-reaching. A mortician by profession he is a member of the district, state and national Funeral Director's association and won the Nunnamaker medal for general proficiency in embalming while attending the Cincinnati College of Embalming.

His outside activities include: Superintendent of the First English Lutheran church sunday school for two years, president of the Mansfield Cancer society, president of the Richland county TB association for the second term; director of the YMCA, director of the Kiwanis club, past director of the Junior Chamber of Commerce, outstanding worker in the Chamber of Commerce membership drive, member of safety council and a member of the Masons and Elks.

Eligibility for the award was based on contribution to the community welfare, participation in all-around community activities, lasting contributions to civic programs, leadership qualities, business progress and cooperation with individuals working towards a better Mansfield.

Selection of Wolford for the award was made by the same group which monthly picks the JayCee Honor Citizen. The selectors are representatives of the Ministerial association, Boy Scouts, Chamber of Commerce, Rotary and Kiwanis clubs, Business and Professional Women's club and the Amvets.

Four of the Honor Citizens were special guests at the affair which was attended by nearly 200 JayCee's and their bosses. Ralph Chapman, John Kramer, Russel Gimbel and Dr. Robert R. Black were the special guests.

Robert T. Murphy, president of the Junior Chamber of Commerce, served as toastmaster while Robert Coe was in charge of the banquet and the smoker which followed it. Additional entertainment was by the Humdingers quartet and Gene Gump.

CONGRATULATES WINNER—Wesley Fesler, at right, head football coach at Ohio State university, congratulates Richard Wolford, who was chosen the outstanding Mansfield young man in 1948 at the annual Junior Chamber of Commerce "Bosses' Night" dinner at the Mansfield-Leland hotel last night. Looking on, at left, is Robert T. Murphy, president of the Jaycees, who presented the Distinguished Service Award to Wolford. Fesler was a guest speaker at the dinner.

Vet Pension Plan Loses

One Vote Sends Bill to Committee

WASHINGTON — (AP) — By a one vote margin, 208 to 207, the House of Representatives today sent the Rankin pension bill for veterans back to the veterans' committee for further study.

It is possible for the veterans' committee to write a new bill and send it back to the House at a later date.

But Chairman Rankin (D-Miss.) told the House the vote to recommit meant that the bill is dead.

"That kills this legislation for this Congress," Rankin said.

Rankin's bill already had been so amended that it bore little resemblance to his original proposal for $90 a month pensions at age 65 to all World War One and World War Two veterans.

The vote to throw it back to committee climaxed a series of maneuvers on the floor.

Rep. Teague (D-Tex.) made the motion to send it back.

The roll call vote was first announced as 209 to 208 against the motion.

But on a recount, it developed that the tabulators had erred on the first count.

Trains Hit Head-on, One Crewman Killed

JESUP, Ga., — (AP) —A passenger train and a freight train collided head-on today, killing one crewman. Several others were hurt, one so badly he may die.

The Mortality Rate Is Terrific!

Seeks Chief's Job; Takes Out Insurance

EVARTS, Ky.—(UP)—World War II veteran Howard P. Gibson, 41, Lexington, said today he has two 45's and "will get two more" if he is appointed police chief of this troubled coal mining town in the Kentucky mountains.

Gibson, who said he "ain't afraid of any man, living or dead," seems to be the favorite in the eyes of Mayor Elihu Bailey, who reported he already has received 142 applications for the job from every state in the union.

Evarts is the community which has used up five police chiefs since last August. John Barnes jr., who said he was a "very temporary" policeman, took charge of law and order for the time being while Isacher Combs, the fifth chief, rested in jail.

The town started losing policemen Aug. 9, when Albert Smith quit after someone fired into his car. His successor, E. J. Baumgardner, was shot to death in September. H. T. Collier resigned in October to go back to driving a taxicab, which he said was safer.

George Sellers quit in November while in jail on a drunkenness charge. And Combs last week was sentenced to 10 years in prison for slaying Bryan Middleton, who was charged with killing Baumgardner.

The question of a new chief will be decided April 4 when the city council meets. The job pays $225 per month.

Mayor Bailey said "I like Gibson for the job," but he has made no decision yet.

BUYS A HOUSE

Meanwhile, Gibson, who served overseas with Combs, said he wouldn't go into the job blindly. He said he has taken out a $10,000 life insurance policy, and bought his wife a house this week "so that if anything happens to me she'll be taken care of."

Gibson said if he gets the job the big question will be finding a suitable assistant. He said he has several persons in mind but that all are afraid of the job.

Gibson admitted he is taking a lot of kidding from folks who ask where he wants his body sent and what kind of flowers he likes.

Five-Man Peace Delegation Named

NANKING — (UP) — China's new Nationalist government appointed a five-man peace delegation today and called on the communists to fix the time and place at once for negotiations to end the civil war.

Premier Gen. Ho Ying-Chin's new cabinet prodded the communists to name their peace delegates and arrange peace talks within the shortest possible time at its first meeting.

Barrels o' Brew Poured In River

COVINGTON, Ky. — (AP) — Beer drinkers in this Ohio river city mumbled in their mugs today as 70,000 gallons of their beloved beverage went down the drain at the old Heidelberg Brewing company plant.

The suds was poured out this morning upon orders of the Bavarian Brewery, incorporated. The dumping was made necessary by a big remodeling project.

Orders Miners Back

PITTSBURGH — (INS) — United Mine Workers President John L. Lewis today ordered the nation's 460,000 idle diggers back into the pits on Monday. An executive communique signed by the fiery UMW chief erased all possibility that the miners' two-weeks "memorial" work stoppage would continue past the March 28 deadline.

Russians Warned By Iran

Tiny Nation Backs West

PARIS — (INS) — Iranian Foreign Minister Ali Ashgar Hekmat has warned Russia that any attempt to occupy Iran on the excuse that U.S. aid constitutes a threat to the Soviet Union, will be regarded as "an act of aggression."

Hekmat denied categorically that Iran is being converted into a military base for the western allies.

Hekmat, whose oil-rich middle-east nation shares a vast 1,000 miles border with the USSR, said:

"We shall never permit Iran to be used for agressive purposes against the USSR."

NO JUSTIFICATION

The foreign minister stressed that no incidents have taken place in Iran which would justify Russia's invocation of the key article six of the Soviet-Iranian treaty.

This article permits Moscow to dispatch forces to Iran in case "a third power makes an effort by armed intervention in Iran or uses Iranian territory as a base for military attack against Russia."

Hekmat's warning to the Kremlin comes on the heels of persistent reports that Russia may invoke the treaty. In February, Moscow sent a stiff note to Tehran, accusing Iran of threatening the Soviet border by building forts in the area.

Four days ago Moscow Radio attacked the Iranian government for allegedly permitting the building of airfields, ports, communication facilities "in the interests of American military and political expansion."

In reference to this latter point, the foreign minister declared:

"No military airfield has yet been constructed except those built during the war to help the USSR. Any military airfield that may be constructed in the future will be used only for our defensive purposes in the same way as those existing now."

River Smashes Levee

BATON ROUGE, La.—(INS)—The turbulent Mississippi river smashed a 500-foot wide gap in the levee north of Baton Rouge today, endangering 10,000 persons of nearby Port Allen.

Naval, coast guard, army and national guard personnel in the Baton Rouge area were alerted for aid in plugging the break.

Residents of Port Allen, four miles south of the break, were ready for an immediate evacuation.

The levee break is on the west bank of the Mississippi river, and state police said the order to evacuate will be given if the onrushing waters endanger the city.

EVACUATE AREA

Red Cross officials said all persons in the immediate area of the break have been taken to Port Allen by school buses.

Police reported the water about four feet deep at the point of the break and slowly moving toward town. They said engineers are trying to seal the break rather than stop the water already through the crevasse.

Gov. Earl K. Long has gone to the scene of the break.

A. A. Fredericks, Long's executive assistant, said all highway equipment has been placed at the disposal of authorities in west Baton Rouge parish.

Sheriff Sidney Dubroca has asked that all tools which can be used in levee repairs be placed on the ferry crossing from Baton Rouge to Port Allen.

All men willing to help in the repair works have been called up.

Baton Rouge Fire Chief Robert A. Bogan has asked persons with boats suitable for rescue work to help in the evacuation.

Police reported no casualties at mid-morning.

Water Job Delayed

Clear Fork Pump Moving Halted Again

The moving of equipment to the new high-lift pumping station in the Clear Fork project has been delayed another week, city officials said today.

The move was held up last week end when a leak was discovered in the line from the Maxwell station to the new station at the foot of Cook road.

Safety - Service Director Earl T. Garrison said today the move will be held up another week because cement was poured only this morning around the repaired leak.

Superintendent of Waterworks O. C. Kalbfleisch said it would take the cement two or three days to harden.

The pump can be transferred only during the week end when water consumption is low. The large industrial plants do not operate during that time and the reservoir can be maintained at the proper level.

Mayor Roy W. Vaughn pointed out that the delay was "nothing unusual" in contracting work, and that projects are frequently held up by such unexpected occurrences.

Killers Enter Insanity Plea

MINEOLA, N. Y. —(INS)— Raymond Fernandez and Mrs. Martha Beck, the confessed "lonely hearts" slayers, pleaded not guilty by reason of insanity today to an indictment charging they killed widowed Mrs. Janet Fay, of Albany, N. Y.

The couple, who were extradited from Michigan, where they confessed two other slayings, entered their pleas at their arraignment on a first degree murder indictment in Nassau county court, Mineola.

Liquor Department Raids Three Cafes

CINCINNATI — (AP) — The State Liquor department moved swiftly yesterday in its crackdown on alleged bookmaking operations in drinking spots here.

Several hours after Anthony A. Rutkowski, chief of the department's enforcement division had given the word to crack down, six enforcement officers raided three cafes in the Cincinnati area.

Connally Tells of ERP Need

Lauds Results Of Spending

WASHINGTON — (UP) — Chairman Tom Connally of the Senate Foreign Relations committee today asked a $5,580,000,000 second-installment on the Marshall Plan to bolster western Europe against "the tawdry theories of communism" and speed economic recovery.

Opening Senate debate on a 15-month renewal of the European Recovery program, Connally termed first-year operations a success, but said the critical test lies just ahead.

He said that fast action is "absolutely essential" because recovery funds will run out next week.

At the same time, he served notice on the 16 participating nations that the multi-billion-dollar program will come to end on schedule, in 1952.

TAFT WANTS 'CUT'

Earlier, Connally told a reporter that it would be a "reckless gamble" to cut ERP spending substantially, and he reiterated this theme in his address to the Senate. Notwithstanding, Sens. Robert A. Taft (R-Ohio) and Homer Capehart (R-Ind) have indicated they will support cutbacks.

Connally advised against cutting ERP spending to help pay for the proposed arms-for-Europe program.

"For our part," he said should like to make clear the basic policy of the States government is to economic recovery a clear ority." He added that the tary program will be "well within the ability of the American economy."

As for the economic recovery effort, Connally said it has been marked by a 14 per cent increase in factory production over 1947 figures, and a 20 per cent larger farm output.

But statistics, he said, don't tell the whole story.

"They mean, in human terms," he went on, "that the warm blood of economic life is beginning to course once more through the veins of a devastated and war-torn Europe."

Autos Crash Picket Line

CLEVELAND — (AP) — Pickets fired rocks and railroad spikes today at an automobile caravan of workers breaking through their line at the struck Fawick Airflex company.

In the second scuffle in as many days, two auto windows were smashed and several of the 15 cars were dented police announced. None of the back-to-work employes was hurt, but one of the strikers said a policeman smacked him on the elbow with his billie.

That man, Louis Diamond, 35, had to be taken to Deaconess hospital for x-rays. He, along with four other pickets, was arrested after the rock throwing quieted down.

In another development in the strike by Local 735 of the CIO-United Electrical workers, police announced today a 24-year-old striker has admitted participation in the stench bombing last night of the residence of two non-strikers.

Police Catch Missing Pair

MINNEAPOLIS — (AP) — A teen-aged couple wed six days today were central figures in a Wisconsin slaying mystery.

They are Mr. and Mrs. Milton Babich, taken into custody here last night. The hunt started when the body of Patricia Birmingham, 16-year-old sister of the bride was recovered Sunday from the Milwaukee river near her West Allis, Wis. home.

Milwaukee officers said they want the Babichs for questioning.

The newlyweds denied any knowledge of how Patricia went to her death.

Signs of the Times, the Customer's Right

Money Shortage Brings 'Good Old Days' to Britain

LONDON —(INS)— For the first time in some nine years, the customer is again beginning to be "right" in London.

In common with several million other people in the British Isles, Londoners are thrilling to the experience of being treated as valued customers by shopkeepers who in the past simply couldn't have cared less.

Tightness of money is causing this minor social revolution.

The spirit of competitive trading is back again in Britain as the shopkeeper goes after the customer with blandishments which haven't been noticeable here since 1939.

The lady helper at the subway cigar stand who for many, many months has doled out five cigarets every morning with that heretofore familiar take-it-or-leave-it attitude, now says good morning and pushes a full pack of twenty across the counter.

The neighborhood laundry has announced it will collect and deliver once weekly instead of every three weeks in the future. Even more incredible, the firm thanks its patrons for "valued past patronage."

The groceryman advises in a polite note that he is "now in a position to deliver to customers' residences."

And so on down the line even to the tailor who tries to look and act like a bishop and formerly needed over four months to make a suit, but has now circularized his "valued clients" that he can execute orders for spring suits in three weeks.

Nowhere is all this more marked than in London's more exclusive, higher-priced restaurants.

Instead of being given a table in a drafty corner, or told his reservation will be kept "until 1 o'clock and not a minute longer," the customer today is finding it possible to wander in, select his table, and have half a dozen waiters hang on his every wish as he places his order.

Prices remain at an all-time high, for everything from a meal to a haircut, a suit of clothes to a fountain pen. But it's fun to be a sought-after customer again, after all these years.

Cleveland Indians Continue Losing Habit, 6-5

Paige Is Warned For Missing Trip

LOS ANGELES, Cal.—(INS)—Ancient Satchell Paige was scheduled to take the mound today as the Cleveland Indians encounter the Chicago Cubs, and it's a sure bet that he'll be there on time.

Paige was warned by Manager Lou Boudreau yesterday that the next time he misses a bus or train or fails to report to the ball park without an excuse he will face an indefinite suspension.

Ol' Satch missed the bus Tuesday when the entire squad went to San Bernardino for a contest with the Pittsburgh Pirates.

"The next time Satch doesn't show up he will be suspended, the manager - shortstop said. "I'm not going to fine him because I don't like to make a practice of fining players during spring training."

Paige failed to report to Yankee stadium one day last summer and was fined $100 by Boudreau.

Satchell's reprimanding preceded the Redskins' battle at Burbank, Cal., with the St. Louis Browns, which was won by the boys from Missouri, 6-5. It was the fourth straight setback by one run—and all of them in sunny California.

GET MORE HITS

The Indians, led by the booming bat of Manager Boudreau, outhit the Brownies, nine to seven, but the St. Louis club took advantage of four hits to rack up five runs in two innings against Rookie Dick Rozek, the Tribe's starting pitcher.

Dale Mitchell, outer gardener beginning his third year with the world champions, tied up the count at 5-all in the first half of the seventh with a home run inside the park with one mate aboard.

The Tribe scored single runs in the first, fourth and sixth innings off the pitches of Karl Drews and Cliff Fannin. Drews allowed five hits in the six innings he worked and Boudreau got two of them.

Will Hafey, Tribe rookie, was charged with the loss, despite the fact that he pitched six innings and allowed only three hits and one run.

In the meantime, the Indians' "B" squad was defeated 8-7, in the ninth inning of their contest with the University of Southern California at Los Angeles. Sam Zoldak hurled the first six innings for the Tribe, giving up six runs on eight hits, and Roy Welmaker, Negro rookie, finished the game, allowing two runs and five hits.

The Indians were limited to five hits by the collegiate nine.

★

No Long Hits . . .

ST. PETERSBURG, FLA. — (AP) — The absence of extra base punch on his club is one of the big worries of manager Casey Stengel of the New York Yankees.

The Yankees, notorious as fence busters, haven't been belting the ball with much gusto in recent exhibition games.

★

Pat to Stay . . .

HOLLYWOOD, CALIF. — (AP) — The Pat Seerey rumors in the Chicago White Sox camp took a new turn today.

Manager Jack Onslow spiked a report that the portly former Cleveland outfielder would be sold to the Los Angeles club.

"Seerey will not be sold to anybody," said Onslow. "I have not given up on him, but he is going to get down to playing weight before he breaks into the starting lineup." Seerey weighed 220 yesterday.

★

Tex Looks Good . . .

SARASOTA, FLA. — (AP) — Baseball observers in this area are beginning to like the Boston Red Sox pitching.

Tex Hughson went for five innings yesterday, gave two hits and walked none. Even Bucky Walters, a great pitcher and now manager of the Cincinnati Reds, said Texas, useless last season, "again looks like a pitcher instead of a thrower." Catcher Birdie Tebbetts said Tex was as fast in the fifth as in the first inning.

★

Red Is Hot . . .

ORLANDO, FLA. — (AP) — Red Lively is the current hot-shot of the Cincinnati Reds' pitching staff and he believes it's all because of a crouch.

The six-foot one-inch hurler from Gardendale, Ala., stood o the mound straight as a bean stalk when Cincinnati fans saw him early last year and in 1947. He was shipped out to the Reds' Tulsa farm early in the 1948 season and finished with a 15-4 record.

It was in Tulsa that he developed the crouch and he brought it with him to the Reds spring training camp this spring.

Red's control is excellent.

Kent Peterson will share the pitching chores with Lively in the Reds game today with the Washington Senators.

The Reds ran into a flock of good pitching yesterday as they fell before the Boston Red Sox, 5-3, at Sarasota. Veteran Tex Houghson and Mel Parnell doled out just three hits as their mates were clubbing Redleg pitching for nine, seven of them off starter Ken Raffensberger.

Hamner Salts Job . . .

CLEARWATER, FLA. — (UP) — Youthful Granny Hamner had the first-string shortstop berth with the Philadelphia Phillies all but salted away today.

Manager Ed Sawyer of the Phils has indicated that Hamner finally is ready for regular service in the majors after several seasons in the minors. It was Hamner's ninth-inning single with the bases loaded yesterday that enabled Philadelphia to beat the Boston Braves, 5 to 4.

End A's Streak . . .

VERO BEACH, FLA. — (UP) — The Brooklyn Dodgers returned to routine workouts today following their 5 to 3 victory over the Philadelphia Athletics at West Palm Beach yesterday, a triumph that ended the A's six-game winning streak.

Jackie Robinson was the batting hero, driving in three runs. Harry Taylor, Willie Ramsdell and Erv Palica pitched for the Dodgers.

Wentz Signs 2 More Bouts

Final two bouts for the Friendly House-40 et 8 amateur fight show March 28 at the Colby and Earick show rooms were announced today by Matchmaker Mike Wentz.

One of the goes will pit Howard Carney, F-H 129 against Howard Dixon, Galion, 130 and in the other, Dick James, Marion, 129 will meet Jimmy Mitchell, Akron, 129. The Carney-Dixon affair will be a return showing. The two lads met Tuesday in Galion with Carney winning in a slugfest.

Tickets for the show are on sale at Ritz Nite club, Corner Lunch, D. & M. Cigar store, City News, Park Avenue News, Hunt's News, Sandy Maxwell's and Friendly House.

Ten bouts are scheduled on the card.

Coon Chase Set Sunday

Top spot on Sunday's sporting menu will be held by the coon chase scheduled for GBU park at noon.

Carl Stewart, chairman of the coon division of the Richland County Wild Life Protective association, has announced that first prizes of $50 each will be awarded first place tree and line dogs. Second spot in each division will draw $25 in prize money.

Entry fees have been pegged at three dollars, with heat money being awarded, Stewart said.

Lunch will be served on the grounds, five miles north of Mansfield on State Route 545.

Mansfield Rifle Team Takes First

Mansfield rifle shooters placed first and fourth last night in a four-way junior club range. The Gasco No. 1 team fired 470 and the No. 2 outfit hit 422.

The Galion clubs had 461 and 445.

Dick Arntz and Tom Jordan of Mansfield led the shooters with a 99 and 97. O'Leary of Galion fired a 96 while Jay Stover had 94 and Joe Stanonto, 93 of Mansfield.

District Plans Completed For Class A Baseball 9's

By CHARLEY STINE

Plans and dates for the sectional Class A baseball tournament to be held here in May were announced today by Senior high baseball Coach Jimmy Lymper who is tournament manager.

The tournament setup has been changed this year to coincide somewhat with the way basketball eliminations are held. The local tournament will be a sectional instead of district and a one-game district will be played at Findlay before the regional.

Seven teams will compete here this year since Madison and Shelby have returned to baseball. The five holdovers from last year are Senior high, Ashland, Galion, Bucyrus and Willard.

SLATE DRAWINGS

Drawings and final arrangements for the joust will be made at a meeting of coaches and school officials to be held at 8 p. m. April 5 at the YMCA.

The tournament will start May 6 and must be completed before May 14. All games will be played at Blue Goose park. No trophy will be given to winner here but one will go to the district winner. A 25-cent admission charge will be made.

The Mansfield winner is to meet the upper bracket winner of the Lima sectional on the Findlay college diamond. The Perrysville sectional winner will meet the lower bracket Toledo winner at Toledo and other winners from Toledo and Lima will meet in another game at Findlay. Winners of these three contests will then join with the Columbus district winner for the regional tourney.

The regional also will be played at Findlay instead of Bowling Green as last year. It is to be played the week of May 23.

Lymper's Senior high team is defending champion here, having won the last four district titles. Lymper was tournament manager for the first time last year.

Colony to Get Face Lifting For Next Year

The Colony bowling alleys will close May 1 for a $25,000 face-lifting which will make the most modern plant possible, it was announced today by manager Art Hilborn.

"Even automatic pin-setters to replace the ever-slaving pin boy will be installed when they become available", Hilborn said.

Everything on the inside will be new, including a modern front lounge. Bowling benches will be replaced with modern fixtures, false ceilings installed and the alleys brought into the best shape possible.

NO DOUBLES

Since repairs are expected to take until August 15, there will be no mixed doubles summer leagues operating as in the past.

Plans for the remodeling of the place were made after the signing of a ten-year addition to the building lease, assuring the alleys of operation until 1951.

The revamping of facilities may prove an aid in bringing large tournaments here in the future. Mansfield has already been practically assured of the Moose state tournament next year and city association officials are considering bidding for the 1951 Ohio Inter-City tournament.

Association offices are now quartered in a special room at the alleys donated for the use of Secretary Joe Laibach.

Roy Hoyman New Stubbers' Coach

STEUBENVILLE — (AP) — Ray Hoyman moved up today from assistant to head football coach at Steubenville high school at a salary of $4,250 a year.

The ex-Massillon high school star succeeds Howard Brinker, now head line coach at Ohio university. Hoyman came here from Franklin (O.) high school, where he was head football coach.

The Board of Education selected him from a list of 21 applicants.

Basketball Can't Be Officiated

By FRITZ HOWELL
Ohio AP Sports Editor

DAYTON — (AP) — Basketball officials have trouble officiating basketball because basketball just can't be officiated.

That's the opinion of Dr. Dave Reese, Dayton dentist and competent commissioner of the Mid-American conference, one of the classiest little loops in the land.

Just after the football season Dr. Reese checked up on his grid officials and found that only one had come in for any criticism.

But "Dave" said today:

"In basketball such has not been the case, and we have had our troubles along with the other conferences."

★

"Twenty or 25 years ago," Reese declared, "officiating hardly ever entered into the final outcome of a game. The coaches, players and fans were not official-conscious like they are today.

"I attribute the large number of fouls committed today to the expert shooting of the present day players, which makes for over-guarding. Anytime a boy gets his hands on the ball today in the offensive court, he is a real threat. In the old days we used to let him take a lot of long shots. Today they guard 'em all over the floor.

"Two rule changes which speeded up the tempo of the games and makes for more body contact are (1) eliminating the center jump and (2) allowing the offensive team only 10 seconds to get the ball into the front court.

"When those changes came into effect, the officiating troubles really began.

★

"Each year I believe the officials have more trouble. In a game where one or two points is the margin of victory, the coach can see where the official cost him the game.

"I know the officials make mistakes, but the mistakes tend to even up over a game or a season.

"I am of the belief that basketball can not be officiated, and it is not the officials' fault. Some officials are better than others, but even the best ones have a lot of trouble today.

"I see no solution in sight for this condition. The fans like this race-horse basketball and are willing to put up with the foul shooting contests in order to see the fast game of today.

"The fans and coaches have to be more fair-minded and more charitable with the officials."

★

Back in his undergraduate days at Denison university Dave was an all-state player two years, played on a couple of state champion teams, and was a whale of an all-around athlete.

Then he spent more than a quarter century officiating in the big time. Now he's commissioner of the Mid-American Conference made up of Cincinnati, Miami, Ohio university, Western Reserve, Butler and Western Michigan.

So he's had a three-way look at basketball over the years — and maybe he's right when he says this modern cage game just can't be officiated, under the rules as now set up.

Ackerman Estate Set At $37,000

Albert C. Ackerman, who at the time of his death March 4, was treasurer of the Wagner Hardware company, left an estate of $25,000 in personal and $12,000 in real estate, an application to file the will in probate court, disclosed.

Bequests to various persons totaled $2,450, according to the will. Balance of the estate, was left to his son Donald E. Ackerman, of Cleveland.

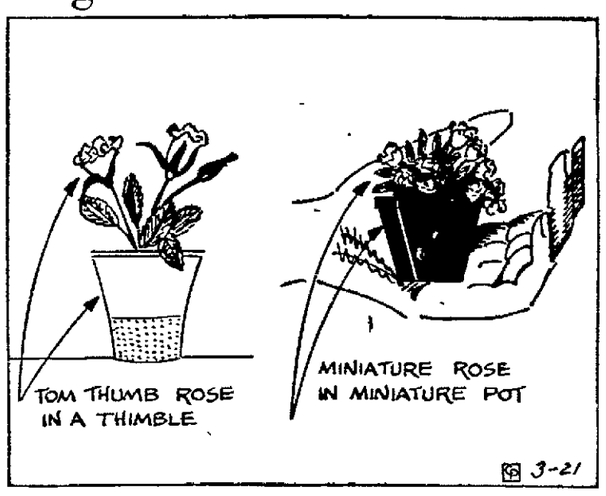
He left $1,000 to Audrey Stevenson, $200 each to a brother, Charles E. Ackerman, and a sister, Mary Ditto, both of Akron; $250 to Eva Cline, of 125 Dawson avenue; $100 to Mrs. Grace Cline, of Akron, and $100 each to her daughters, Nancy, Carol and Helen, $500 to Mrs. Lena Frigard of Bellville, Mich., and $100 each to her children, Sarah, Edwin, Donald, Alice and Charles Raymond.

Carl A. Wolfarth, assistant trust officer of the Citizens National Bank and Trust company, was appointed executor of the estate.

Wayde E. Boyce was appointed administrator, with will annexed, of the state of Welsey Boyce, late of Jackson township. The estate's value was set at $3,750. The will left the estate to his three children, Bernice J. Crawford, and Wayde of Shelby and Imogene Tschantz, of Akron.

Today's Garden Graph

Midgets of the Rose World



By DEAN HALLIDAY

Miniature roses, if you don't know them, are intriguing little plants, 6 to 8 inches tall, with tiny green leaves almost as alluring as the flowers.

To many gardeners miniature roses are the jewels of the rose family. These tiny replicas of larger roses are as perfectly formed in their minuteness as the finest hybrid tea blossoms. Their cultural care also is similar.

The first of the improved midget roses grown from seed was Tom Thumb, one of the smallest to be produced. Arranged in a thimble, instead of a rose vase, and also in a miniature pot, Tom Thumb is illustrated in the accompanying Garden-Graph.

Midget is the name of another miniature which grows only six inches tall. It produces buds of a rich shade of pink. When the blooms open the color intensifies to a rich deep rose.

Pixie is a miniature which is known as the world's tiniest, fully double white rose. The buds are sometimes touched with pink. Pixie is especially useful for boutonnieres and miniature bouquets.

One of the newest miniatures, and the first with true rose fragrance, is Sweet Fairy. The deep pink buds when fully open turn into the daintiest of apple-blossom pink.

Miniature roses have various places outdoors. They may be used to border the rose garden, or to edge garden walks. Planted to outline a tiny pool, the bright blossoms may be enjoyed from June until frost. The rock garden is an ideal spot for midget roses and there no great number is needed to create an effect.

Miniature roses may also be potted in the fall and for indoor bloom. They must be stored in a cold frame until January to give them a rest. Afterward they will soon leaf out .

Rifle Teams Will Dine

The North Central Ohio Gallery league will hold its annual dinner Sunday at the YMCA at 6 p. m.

Rifle teams from Wooster, Prospect, Massillon, Ashland and Mansfield will attend the season wind-up dinner after they participate in nine shooting matches earlier in the day.

The winners of these matches are to be announced at the dinner and will enter the National Rifle Association matches in Columbus April 24 Clarence Hassinger, the league's executive said today.

Biggest Dixie Swim Splash Opens Today

CHAPEL HILL, N. C. — (AP) — Collegiate swimming makes its biggest splash in Dixie history here today. The 26th annual National Collegiate Athletic association championships will be decided in a three-day program opening tonight.

Forty-seven teams from coast to coast, a record entry, are represented in this first southern staging of the event.

Defending champion Michigan is expected to meet its sternest competition from Ohio State, Iowa and Yale. Yale has the biggest representation of any contestant—20 men.

A dozen events will be decided, beginning with the running of the 1,500 meter freestyle final tonight.

Seven of last year's individual champions — four of them Olympic titleholders, as well—are back to defend their crowns.

Ohio State has two of the Olympic winners — bruce Harlan, low board diver, and Bill Smith, 200 and 400-yard freestyler.

LaSalle's Joe Verdeur, another Olympic king, defends his honors in the 200-yard breaststroke and 150-yard individual medley.

The other international titleholder is IOW's Walter Ris, defending NCAA 100-yard freestyle champ.

Northwestern's Bill Heusner, 1,500-meter victor a year ago, rounds out the list of former winners.

Requests Set For Big Delay

NEW YORK — (UP) — The re-instatement requests of three players suspended from organized baseball were headed today for a two to four week delay instead of the immediate action sought by their attorneys.

Hearings were held in Federal court yesterday on the re-instatement injunction asked by Danny Gardella, former New York Giants outfielder, and on a similar injunction asked by former St. Louis Cardinals Max Lanier and Fred Martin.

Judge Edward A. Conger ordered Gardella's attorney, Frederick Johnson, to file a brief by March 30 and he told baseball's attorney Mark Hughes, to file a reply to Gardella by April 6.

Judge Conger also directed baseball to file an answering brief in the Lanier and Martin injunction requested by April 23.

Headaches Top List of Bowling Meet Treatments

ATLANTIC CITY, N. J. — (AP) — What do you suppose the dispensary at the American Bowling Congress tournament treats most?

Headaches.

In the first 38 days of the tournament 266 bowlers have called on nurse Mary Borgen with this question:

"Whatcha got that's good for a headache, Miss?"

Miss Grogen, a former captain in the U. S. Army Nurses Corps, says the headaches apparently develop from excitement, the noise of crashing pins, "or something else."

Split fingers and blisters, the two great enemies of a bowler, rank second on Miss Borgen's list. She has treaded 170 such cases.

Of about 18,000 men who have bowled so far in the tournament, 2,000 have been in to see Miss Borgen.

On opening day a pin boy died of coronary thrombosis. Two bowlers have been taken to the hospital with cerebral hemorrages. One died.

2 Major Ball Loops Planned For Japanese

NEW YORK — (INS) — Japan will have a two-league major professional baseball program and the non-professional baseball world series in 1950, providing the suggestions of Major General William F. Marquat are followed.

This was revealed in New York by the National Baseball Congress.

General Marquat, a member of General Douglas MacArthur's staff, is Japanese commissioner for the National Baseball Congress. Recently he addressed a convention of the combined heads of the Japanese professional and non-professional baseball programs relative to advance administrative plans for the 1949 and 1950 baseball seasons.

The meeting corresponded to the major and minor leagues' annual conventions in the United States, and will have an important impact upon the general baseball picture throughout the east, according to NBC officials.

CONSTRUCTION OF BATH HOUSE, SIX PRIVY STRUCTURES AND TWO WELL PLATFORMS
Office of the Board of Directors
Muskingum Watershed Conservancy District
New Philadelphia, Ohio.
February 24, 1949

Sealed proposals will be received at the office of the Secretary, Board of Directors, Muskingum Watershed Conservancy District, New Philadelphia, Ohio, until ten o'clock A. M., Eastern Standard Time, March 28, 1949, for the construction and appurtenant work of the following units:

(1) Bath house at Atwood Lake Park located in Monroe Township, Carroll County, Ohio, approximately two miles east of New Cumberland, Ohio.

(2) Double unit privy in the picnic area of Atwood Lake Park located in Warren Township, Tuscarawas County, Ohio.

(3) Double unit privy and well platform in the camping area of Atwood Lake Park located in Warren Township, Tuscarawas County, Ohio.

(4) Double unit privy at the Clendening Lake Boat Livery located in Washington Township, Harrison County, Ohio, approximately four miles northeast of Freeport, Ohio.

(5) Double unit privy and storage room and a well platform in the Charles Mill Lake picnic area, located in Mifflin Township, Ashland County, Ohio, approximately one-half mile southwest of Mifflin, Ohio.

(6) Double unit privy at the Seneca Lake Boat Livery located in Richland Township, Guernsey County, Ohio, approximately one and one-half miles east of Senecaville, Ohio.

(7) Double unit privy in Seneca Lake Park located in Seneca Township, Noble County, Ohio, approximately three and one-half miles southeast of Senecaville, Ohio.

Alternate proposals will be considered as follows:

Alternate A—Wherein the bidder proposes to do the entire work described as one job consisting of seven units.

Alternate B—Wherein the bidder may bid on one or more single units with the knowledge that he may be awarded any one or any combination of units included in this proposal.

Proposals must be on the blank forms furnished by the Board and must be accompanied by a certified check for not less than 10 per cent of the aggregate amount of the bid, figured on the basis of the estimated quantities and the unit prices bid, such check to be drawn to the order of the Treasurer of Muskingum Watershed Conservancy District, as a guarantee that the bidder, if awarded a contract, will, within ten days after the contract is delivered to him for that purpose, execute the same, and furnish surety bond for the faithful performance of the contract, in the sum of 50 per cent of the contract price; said contract and bond to be on the standard forms which have been adopted by the Board. In the event the bidder submits both proposal A and B, the certified check shall be based on 10 per cent of the aggregate amount of proposal A.

If any bidder, to whom an award has been made, shall fail to execute the contract or to furnish satisfactory bond within the time hereinbefore specified, or as extended by the Board, the award shall thereupon become void, in which case the proceeds of the certified check shall become the property of the District, and the contract may be awarded to the next lowest or best bidder; and such next lowest or best bidder shall thereupon assume the contract, as if he were the party to whom the award was first made.

Each bidder must, in his proposal, present satisfactory evidence that he has been engaged in constructing works of the general character covered by his proposal, and that he is fully prepared, and has the necessary capital, to begin the work promptly, and to conduct it as required by the contract and specifications. Proposals not containing such evidence will not be recognized as bids.

The right is reserved to reject any or all bids, and to waive any technical defects, as the interests of the District may require.

Drawings, specifications, proposal blanks, and other information may be obtained on application to the Chief Engineer, Muskingum Watershed Conservancy District, New Philadelphia, Ohio, at whose office drawings and other data may be inspected. A charge of $5.00 a set is made for contract drawings and specifications, which charge will not be refunded.

BRYCE C. BROWNING
Secretary.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

FEPC Bill Squeezes Through House Following Bitter Debate

Three Votes Send Act To Senate

Narrowly Escapes Complete Change

COLUMBUS — (INS) — A waterd-down but history-making Fair Employment Practices commission bill went wobbling over to the Ohio Senate today after it squeezed through the House by the narrow margin of only three votes

The bill is the first of its kind to clear the House in Ohio's 146 years of statehood.

Even though Speaker John Cantwell departed from custom and had the clerk call his name on the rollcall, the bill passed only 70-61, with 68 votes needed for passage.

Seven Democrats deserted their party's majority ranks to vote against the bill, but this was offset by eight Republicans who voted for the measure.

Four modifying amendments designed to win support were placed in the bill during the two hours and 41 minutes of bitter debate, conducted before an overflow crowd that caused Cantwell to relax the rules and permit spectators in the actual House chamber, although they were kept behind the rail

It was a defeated amendment, however, that created most of the fireworks. Rep. M. C. Anderson, Columbus Democrat, offered an amendment that would have wiped out the entire bill below the title and substituted a measure setting up a three-member educational commission It lost by just one vote.

On the first roll-call the amendment appeared to have carried, but Cantwell voted and the three Millers — of Fairfield, Jackson and Lucas counties — heeded majority leader A. G. Lancione's frantic pleas and switched their votes from "yes" to "no" before the result was announced.

The switch defeated the amendment but aroused the Republican minority to a fury that did not subside even after the bill itself was passed.

Another defeated amendment would have required that claims and prosecutions be handled in the courts and not by the commission. It was sponsored by [illegible] Cedric Stanley (R-Warren).

[illegible] Warned About [illegible]nce Checks

Many veterans run the risk of allowing their National Service Life Insurance to lapse because of improper addressing of the envelope and failure to make checks payable to the U S Treasurer. G. D Weidemaier, Mansfield VA office manager warned vets today.

Last month the VA District Office in Columbus received approximately 350 checks, money orders and postal notes that could not be cashed although they were intended to pay NSLI premiums Many checks were not signed Others were made payable to various companies and organizations that have no connection with the Veterans Administration.

What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the cold stomach and the liver-changing blood need help Now you may again release vibrant energy to every muscle fibre cell

Every day—every hour—millions of new red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out A low blood count may affect you in several ways no appetite underweight no energy a run-down condition lack of resistance to infection and disease

To get real relief you must keep up your blood strength Medical authorities, by analysis of the blood have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas bloat and give off that sour food taste

Don't wait! Energize your body with rich, red-blood Start on SSS Tonic now As vigorous blood surges throughout your whole body greater freshness and strength should make you eat better, sleep better feel better work better, play better have a healthy color glow in your skin—firm flesh fill out hollow places Millions of bottles sold Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health. —Adv.

Sounds In the City

They Whistle While They Work—But Loud!

By NITA BRONSON

Like the dwarfs in Walt Disney's "Snow White" there are at least two Mansfielders who whistle while they work. But their whistle is not just a feeble little toot—it is a blast that can be heard for blocks and, if the wind is right, for miles.

They are the men who pull the cords on factory whistles at the Ohio Brass company and Empire Steel corporations.

H. W. France, "whistle blower" at the Empire plant, has the longest record of service as tender of the plant's far-flung "voice."

For 25 years, France has never missed a day because of illness nor has he laid off work for any other reason. Only during his regular vacations has France failed to pull the cord that calls men to work or signals an emergency or change of shifts.

France, who is listed as a motor tender, sounds the whistle four times each day.

At Ohio Brass, E. V. Doss has a record of rope-pulling that counts up to 15 years. The present whistle has been installed since 1922, but there has always been a whistle at the O-B since the company started operating in one small building back in the Gay Nineties.

"We have to have about 100 pounds of steam pressure before the whistle will blow," Voss said. "Then we lose about six or eight pounds during its blowing.

Steam comes from the big boilers at both factories where France and Voss are boiler engineers as well as "whistle tenders."

The general ringing of school bells in the city has been discarded with the building of the new and modern buildings. However, three at least retain the old system of calling children to school. At Bowman the bell is rung at 8:10 and 8:25 a. m. and at 12:45 and 12:55 p. m. The other schools, Hedges and Carpenter approximate those times.

St. Peter's Parochial school calls its pupils to classes each morning. The big church bell rings at 7:45 and agin at 8:15 a.m. and plays an important part in setting right many a family clock.

The most recent whistle in Mansfield and one that became for a time increasingly annoying is the Diesel engine air horn, with its peculiarly throaty roar.

But a whistle story wouldn't be complete without a mention of sirens.

A comparatively modern invention, the fire siren replaces the old bell that hung in city hall for years and was the signal for the big prancing grays to get into their harness and speed along to the fire. The old bell now reposes as a monument in central park.

OUCH! IT HURTS MY EARS—That's what Paul Strater says when H. W. France pulls the whistle rope at Empire Steel Corp.

WORK CALL—For 15 years E. V. Doss has pulled the cord that calls hundreds of men to work at the Ohio Brass company.

$5,000 Fire Hits State University

BOWLING GREEN — (INS) — Firemen today blamed a broken gas pipe for a $5,000 fire which damaged a one-story frame dormitory housing 24 men students at Bowling Green state university last night.

No one was burned in the blaze, which started when someone stepped on a pipe, breaking it near a gas stove.

Young Grandmother Enters 'Honor' Race

WARREN — (AP) — Mrs. Howard Nowery, 32, is another aspirant for youngest grandmother honors. A son, Joseph Henry, was born Monday to her daughter, Mrs. Dean (Grace) Jackson, 16.

Mrs. Nowery has eight children, including a pair of twins. The Jacksons were married when Grace was 15. She will be 17 in May. Mrs. Nowery was 15 when Grace was born.

Delving Into Mansfield Ordinances

MANSFIELD has come a long way since that council meeting, back in 1909, when action was taken to "revise, codify, re-arrange and publish in book form," the general ordinances of the city.

It was a neat, leather-bound book of 232 pages, with ordinances revised and codified by Glenn M. Cummings, city solicitor, that resulted, with the printing and binding done by George A. Holm & Bro.

That, however, is the most recent compilation of Mansfield ordinances in printed form, although many changes have been made in the meantime and the 40-year-old volume is of little use to anyone wishing to become informed on present-day ordinances.

This situation is brought to notice by W. G. Schultz, chairman of the Chamber of Commerce fire prevention committee, who points to some of the obsolete provisions of ordinances suited to the "horse and buggy era."

Just why none of Mansfield's changing administrations has brought out a revision of ordinances is not known, although the subject has been discussed from time to time for the past twenty years.

The easy way is to let such matters drag along from year to year, unless there is some indication of public interest—and it may be that the Chamber of Commerce can become an effective factor in bringing about a revision, codification and printing of city ordinances suited to present times.

Minimum Wage Proposal Inflationary

AMONG other things up for consideration at this session of Congress is a federal wage and hour bill which proposes raising the minimum wage from 40 to 75 cents an hour, with overtime after 40 hours a week.

While such federal action would be applicable only to employes engaged in interstate commerce in any way, it is easy to see that a broad interpretation would spread its application to practically all workers—unskilled and marginal, as well as those who are able to hold some jobs requiring at least a small degree of skill.

If present inflation in wages and prices is to be accepted as permanent, some readjustment on the lower wage levels will probably be necessary, but many who have studied the federal proposal believe it would reduce employment of unskilled workers, with preference given to more efficient workers at a somewhat higher hourly rate.

Also being mentioned is that in lines of employment where tips add substantially to income, the 75 cents-an-hour minimum would become applicable, in disregard of tips, and it is also being taken into account that, in all probability, advances would be required in brackets above the minimum, which would give a fresh start to the wage-price spiral just at a time when there is some hope of ending the inflationary era without bringing on a serious depression.

With the easy spending to which federal government agencies have become accustomed the 75-cents-an-hour wage minimum may seem a small matter, but to those who would be directly affected by such a change the proposal has serious implications.

Observing Growth of New Nation

DR. CHAIM WEIZMANN, who for almost fifty years has been working for the establishment of an independent Jewish state, has witnessed its founding and growth to nearly 800,000 inhabitants. Officials expect this number to be doubled in four years.

Refugees by the hundreds of thousands continue to pour in from many countries. Social agencies gather them together, put them in shape for travel, and provide transportation. They are speedily absorbed into the population, with jobs and homes to give them stability. The proportion of unemployment is so far very small. Financial help has been furnished by friends in every corner of the globe, but ultimate self-support is expected.

The growth of this new state is not so remarkable as the fact that it has come into existence at all. The Jews, outnumbered and poorly equipped, had all the odds against them in their fight for Palestine. Their victory and its fruits are the result of determined, inspired devotion to the idea formulated by Dr. Weizmann and his co-workers in the Zionist Congress at the turn of the century.

Another 'Tallest Building' Projected

THE WORLD'S tallest building is proposed for Houston, Tex., by R. G. Schneider, a local architect. His structure would be 2,250 feet high, approximately 1,000 feet taller than New York's Empire State building.

If Houston should build this towering edifice, it takes only slight knowledge of Americans to know that it would not be left in its supremacy for many years, without at least a try at outdoing it. Some other community would plan a structure to surpass that of Houston, and so on. Ultimately, perhaps, these pretentious affairs might reach some practical limit to the height of buildings.

In addition to the architectural problems, such tall buildings are a great financial gamble. During the depression years the owners of the Empire State building must have wished, many times, that they owned something else instead. The cost probably limits tall buildings more than construction factors.

Claude Callan laments: "We wish we could have something better than equality. Just being equal is a terrible existence."

Now that there has been a non-stop flight around the world, are there still some who contend that the earth is flat?

The 5-cent cigar has returned—if anyone cares for anything that cheap.

What Some Other People Are Saying

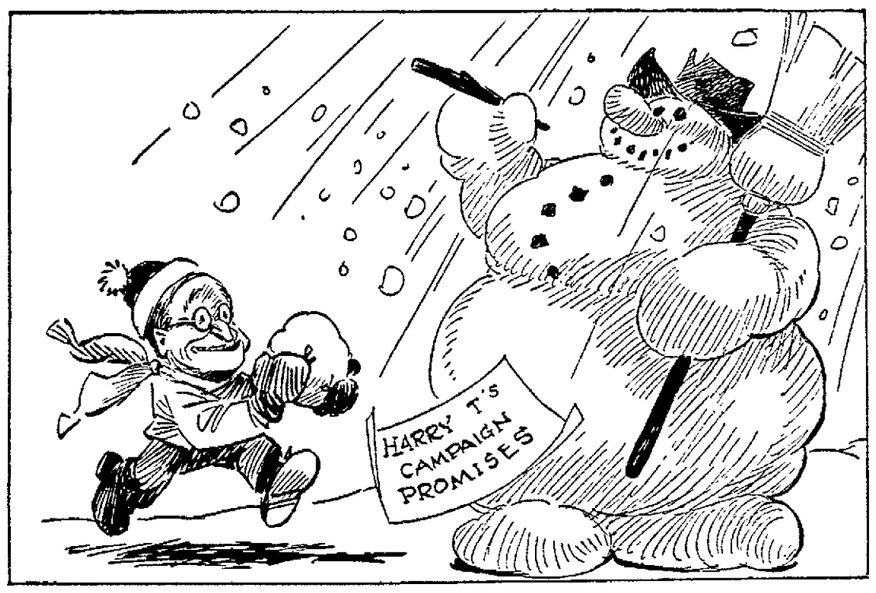
SENATOR IRVING IVES, New York Republican: "It seems to me that (labor relations) is one field where there should be no partisanship and where all Americans, regardless of political party, should work together in a common endeavor to attain a common objective."

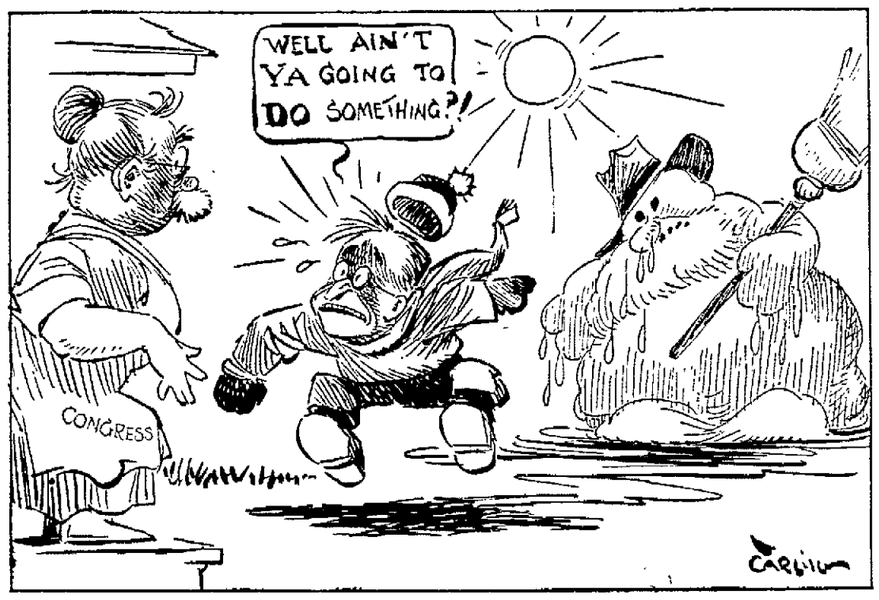
* * *

EINAR GERHARDSEN, premier of Norway: "The Atlantic pact contains guarantees for the member states of such strength as could reasonably be expected. Norway will never take part in a policy which has aggressive aims directed against any country."

* * *

SENATOR BRIAN M'MAHON, Connecticut Democrat: "If we rely too heavily on 'security by concealment' we will stifle the other kind of security, which comes from achievement."





Life's Little Tragedies.

Looking Back

Twenty Years Ago Today

Sunday, March 24, 1929.

Fred W. Wolfe, former employe of Mansfield Savings bank and later city and county auditor, died at the age of 48.

Mrs. John May, 57 Benton street, was injured when struck by auto at corner of Park avenue west and Mulberry street while en route home from church.

Birthday anniversary of P. E. Wilhelm, East Mansfield, was observed.

Conrad Kalbfleisch returned to OSU after spending spring vacation at home here.

Henry M. Meily, 73, retired Pennsylvania railroad employe, died.

Mrs. Fred Bristor and daughter Mariam, returned after spending several weeks in Florida.

Palm Sunday services were held in Mansfield churches.

Miss Elizabeth Witter of Washington, D. C., was visiting her parents here.

Washington Calling

Remember Huey Long!

By MARQUIS CHILDS

MEMORY brings back a scene in the Senate of the United States. It is the spring of 1935. Huey Long has the floor, badgering and harrying and frustrating the inept Democratic leadership.

With all his skill and ruthlessness he had tied the Democrats in knots and was making them squirm. Huey was on his way and there was nothing that could stop him.

On the minority side of the aisle the Republicans were laughing merrily. They enjoyed the performance and now and then they tried to help out. But Huey abruptly turned to address them directly:

"You Republicans can sit over there and tee-hee-hee and haw-haw-haw. But don't think you're going to step in and take over when these Democrats here get kicked out. Because you're not."

The Republicans, Huey was saying, would not inherit power out of confusion and breakdown. They would not be the inevitable heirs of Democratic failure. Huey himself meant to inherit the earth and he knew that his brand of potent demagoguery would triumph over the enfeebled conservatism of the Republican party.

Having again helped to snarl the Democratic majority in a tangled web of futility, the Republicans may think that surely this time they will profit from the confusion of their enemies. Perhaps for one congressional election they may. But for the long pull of a presidential victory it seems to me an extremely doubtful proposition.

* * *

Placing Responsibility.

FOR MANY who remember the promises of the campaign of last fall, what is happening looks like a failure of representative government.

If the coalition of Republicans and southern Democrats holds against the major items of legislation in the Truman program, then the score for this session will be close to zero and a final judgment of failure will be justified.

For such a failure the Republicans would have to accept a large share of public responsibility. Without their aid and active connivance it would not have been possible to kill all civil-rights legislation as now seems to have been done for this session at least.

Primarily this means responsibility for the kind of leadership that engineered the coalition from the Republican side of the aisle. Sen. Kenneth Wherry of Nebraska gets top credit. But a much quieter, smoother operator, Sen. Owen Brewster of Maine, is given a share of credit by his colleagues which he may not be eager to accept in full public view.

Wherry is shrewd, resourceful, often blunt to the point of brutality. A successful storekeeper and undertaker, he knows how to cajole, persuade, flatter and browbeat if necessary.

Yet in his race for the Senate last fall, against a Democratic candidate who offered only token opposition, Wherry ran far behind the young liberal, Gov. Val Peterson, and even behind presidential candidate Thomas E. Dewey. This, it must be remembered, was in the rock-ribbed Republican state of Nebraska.

Brewster is the Senate's master schemer. He understands how to capitalize on every position, for the short run at any rate.

An assassin's bullet stopped Huey Long in mid career as he was expanding his power in the South and looking ahead to greater victories.

The backwardness of Louisiana and then the depression had given him the opportunity to push his demagogic "every man a king" program against the background of the difficulties and failures of representative government.

Another crisis, another failure, would almost certainly produce another demagogue ready to take advantage of the opportunity.

Frankly Speaking

Gimmick In the Pact

By JAMES MARLOW

(Editor's Note: This is the third of four stories on the Atlantic Pact, giving its background and its purpose).

* * *

WASHINGTON — There a gimmick, and a sad one, buried deep in the Atlantic Pact.

It shows, as well as anything, how the United Nations has failed to find a way to stop a big power from making war, if it wants to.

The Pact was put together for defense against Russia by this country and seven other western European democracies.

It's all done within the rules of U. N., so it's all internationally legal. The diplomats point that out in their highly diplomatic way.

But when you strip away the diplomatic language in the pact, and look closely you'll see the gimmick that tells the real story about U. N.

In a radio talk explaining the reason for the Pact, Secretary of State Acheson said pretty plainly:

"... The United Nations is not working as effectively as we hoped because one of its members has attempted to prevent it from working.

"By obstructive tactics and misuse of the veto, the Soviet Union has seriously interfered with the work of the security council in maintaining international peace and security."

The key words are "veto" and "security council."

The U. N. security council consists of 11 members. Six are temporary, changing from time to time. But five, the Big Five, are permanent members of the council. They are: U. S., Britain, France, China, Russia.

U. N. is paralyzed to stop a war on an attack by one country on another unless all of the Big Five on the council vote to stop it.

If one of the five votes against action by the U. N.—by voting "no," the veto—then U. N. is helpless. It can't do anything.

* * *

Protected By Veto.

NEITHER this country nor Russia would have joined U. N. unless it had the power to veto any action by U. N. to stop war. Why?

Because, otherwise, it would be part of an organization which could be used against either of them, U. S. or Russia if either went to war.

But Russia has used the veto a number of times already to prevent U. N. action in cases that haven't even involved war.

The Atlantic Pact diplomats point out that under Article 51 of the U. N. charter which all U. N. members agreed to live up to, any group of nations can form a pact for self-defense.

They quote Article 51: "Nothing in the present charter shall impair the inherent right to individual or collective self-defense if (an) armed attack occurs against a member of the United Nations, until the security council has taken measures necessary to maintain international peace and security."

And right there is where the gimmick is: "... until the security council has taken measures... to maintain... peace..."

If Russia attacks one of the western powers and they go to war against Russia, the security council can't take any steps to maintain peace or stop the war. Why?

Because of the veto power which each of the five members of the security council has, including Russia.

Russia could hardly be expected to vote for U. N. action against itself. Yet, unless it did, the U. N. would be helpless.

Therefore, the Atlantic Pact is a confession of the United Nations failure so far to make world peace sure.

'Foundation' Operates Powerful Lobby

By DREW PEARSON

WASHINGTON — One of the neatest ways of reducing your income tax while simultaneously operating a powerful lobby has just been disclosed on Capitol Hill.

It is the Foundation for Economic Education, run by some of the biggest corporations in the USA, and which has been flooding the country with propaganda aimed at undermining the Marshall Plan, rent control, aid to education and social security.

The list of contributors has been kept a closely guarded secret. This column, however, has secured a copy and can reveal the fact that the backers of this lobby include General Motors, Standard Oil of New Jersey, Ford, General Electric, the Mellon National Bank, Gulf Oil (also owned by the Mellon family), Republic Steel, the duPonts, Chrysler, Humble Oil, Inland Steel, Swift Packing Company, U. S. Steel, Ernest T. Weir, Westinghouse, Monsanto Chemical, Libbey-Owens Ford, Sears Roebuck, Sun Oil, Texas Oil and various others.

Because the Foundation is supposedly for "education," these big corporations can deduct every cent of their contributions from income. Thus the $274,576.60 given to the Foundation in the past eleven months costs the corporations only a fractional part of the dollar.

Chief aim of this high powered lobby is to oppose any act of Congress that raises living standards, if—it also lowers business profits.

* * *

Mail Barrage.

SOME time ago this column exposed the amazing fact that one congressman alone, Rep. Ralph Gwinn, New York Republican, had mailed out 900,000 letters containing 2,250,000 copies of speeches — against public housing, rent control, aid to education, etc.

Since the congressman had only 280,000 people in his district it seemed interesting to probe into why he was mailing 900,000 letters at a cost to the taxpayer of about $27,000.

Part of the answer proved to be the Committee for Constitutional Government. This lobbying agency, directed by Dr. Edward A. Rumely—who served a jail sentence as a German agent during the first World War—has been promoting part of the Gwinn mail campaign.

But part of his letter barrage was traced to a rambling mansion overlooking the Hudson River at Irvington, N. Y., called the Foundation for Economic Education.

This idea was started two years ago by suave, 51-year old Leonard Read, former western manager of the United States Chamber of Commerce, and general manager of the Los Angeles Chamber of Commerce.

The Foundation now pays Read $25,000 a year and, though not registered as a lobbyist, Read has carried his "educational" activities to Capitol Hill where he has written speeches against the Marshall Plan for isolationist Congressmen.

* * *

French Goebbels.

ONE of the Foundation's writers is Bertrand De Jouvenel, whom the New York Herald Tribune has called the Goebbels of France. That he was a pro-Hitler propagandist has also been confirmed by the French embassy. Yet he was selected by the so-called "educational foundation" to write about the evils of rent control.

Furthermore, the Reader's Digest lent itself to this propaganda, by publishing his pamphlet—just as rent control came up for debate on Capitol Hill. De Jouvenel didn't even deal with rent control in the United States, but in France. Now he has been assigned by the Foundation to write another pamphlet on socialized medicine—in England.

Other samples of the Foundation's propaganda are: "Why Kill The Goose?"—a plea to protect big business; "Can Dollars Save The World?"—an attack against the Marshall Plan; "Liberty And Taxes," an argument against overtaxing the rich; "Planned Chaos," a sock at government planning.

The Foundation also sharply denounces tax exemptions for co-ops, yet willingly accepts tax exemptions for itself.

To spread its propaganda, the Foundation has built up a mailing list of 27,308. But more letters are sent out by friendly congressmen using free mailing privileges.

* * *

Behind the Lobby.

AMONG the top-flight business executives who run the Foundation are David M. Goodrich, chairman of B. F. Goodrich Co., tire manufacturers; Thomas I. Parkinson, president of Equitable Life Assurance Society; and Jasper Crane, duPont executive.

The most active trustees include: Charles White, president of Republic Steel Corporation; Hughston McBain, president of Marshall Field; Whipple Jacobs, president of Phelps Dodge Copper Products; A. C. Mattei, president of Honolulu Oil Corporation; and B. E. Hutchinson, financial chairman of Chrysler Corp.

The Foundation's confidential records show that recent contributions have been received from the following: Nash-Kelvinator of Detroit, $2,500; Detroit Edison, $2,500; Republic Steel, $10,000; U. S. Gypsum of Chicago, $10,000; R. J. Reynolds of Winston-Salem, N. C., $1,000; Standard Oil company of Ohio, $1,000; former Senator A. W. Hawkes of New Jersey, ex-president of the U. S. Chamber of Commerce and vice president of NAM, $1,000.

Assignment: America

Where Coronado Slept

By INEZ ROBB

ALBUQUERQUE, N. M.—Tom Campbell is a fascinating combination of incurable romantic and hard-headed pragmatist.

Both traits have contributed equally to his success as a global farmer, the world's wheat king and its foremost advocate of mass production or mechanized farming.

The fact that he is the largest single land-owner in New Mexico doesn't interest him half as much as the fact that with his 429,000 acres he has acquired tracts of land soaked in the earliest history and festooned with the oldest legends in American history.

What George Washington is to the eastern seaboard, Coronado, the swashbuckling Spanish explorer and adventurer, is to the southwest. And Coronado has slept on almost all of Tom's acres!

More than 400 years ago, when Coronado marched north from Mexico City, he followed the Rio Grande, which cuts through that part of the Campbell acreage known as the La Joya grant.

This vast grant of 310,000 acres was first made more than 300 years ago by the kings of Spain to adventurous subjects.

"But Coronado ante-dated them all," Tom said, as he stood in the center of the La Joya grant, stretching from the blue Ladrones mountains in the northwest to nine miles beyond the summit of the rugged Pinos mountains to the east.

"The Ladrones mountains and many places on the La Joya grant are mentioned by Coronado in his record of his journey," Tom added. "He founded stations along the way and he even paused to plant vineyards."

That's one reason that the La Joya Development company, which is Tom Campbell, is going to experiment with vineyards in this arid region, for vineyards take little water, as both Coronado and Tom discovered.

Tom thinks this section offers a tremendous challenge today to Americans with pioneer vision and hardihood.

"The greatest development in the United States is now going on in that area immediately east of the Rockies from Montana to New Mexico," Tom declared. "This is a land of immense opportunity because of its almost limitless natural resources. It's a land of opportunity for any pioneer who isn't afraid of work."

* * *

Not Afraid of Work.

TOM has never been afraid of hard work. (He says he works two eight-hour shifts a day and anyone who has tried to follow him around for even 48 hours is convinced of it) and he has always been animated by the pioneer spirit.

Tom was born in a sod cabin on the North Dakota prairies, the son of hardy pioneers who saw their North Dakota holdings grow from 80 to 4,000 acres. By the time Tom was 17, his father's health had failed and he, Tom, not only was running the 4,000-acre farm but attending the University of North Dakota.

It was the gruelling, back-breaking work on the North Dakota farm that made Tom doubly determined to extract as much of the drudgery from farm work as possible through use of machines.

At the end of five years at the University of North Dakota, he emerged with both an A.B. and a degree in mechanical engineering. From there, he went to Cornell for graduate work in engineering.

Tom is probably the only bona-fide farmer in America who was ever even a fleeting partner of J. P. Morgan. But when the United States asked him to grow wheat in World War I, he knew of no other individual except Morgan who might be able to loan him the $2,000,000 needed to mechanize such a vast agricultural project.

He had never met Morgan before, but within 20 minutes, Tom had persuaded the Wall Street banker to advance the $2,000,000. Persuasive is the name for Tom!

Farmer's Diary

Clover Is Profitable

By CALVIN A. BYERS

REGARDLESS of murky skies, and rough frozen soil, the air was still and I saw a husky husbandman sowing clover seed this morning. He moved briskly across the expanse of greening wheat, stepping in rhythm with the movement of a strong right arm that waved a seeding tube.

His denim jumper was neatly tucked into his trousers beneath broad suspenders. His feet were in high boots and he wore a visored cap, but his strong brown hands were bare. The sun was peeping over a closely cropped hill. Song sparrows shouted joyously from the shrubs along the fencerow.

The chill air was fragrant with faint promise of spring — green grass, extending roots, moist dirt. This calm early morning hour was a delightful time to be out at work.

I spoke to the man, who smiled showing even teeth and a pair of kindly blue eyes. "Nice going this morning," I said.

"Bout right for sowing clover," he agreed. "I was up and at it before daylight. After sugar making's over, I always look for the right time to sow clover seed. Hard to get the seed, though. That sackful on the wheelbarrow there cost me $70. Still, a man can't be without it and do much farming, for long.

"People don't keep enough bees," I said.

"Yes—that's it. I've got seven hives. I think I'll move 'em over here when the field's bloom next summer and see if I can't harvest some seed."

He was off down the field again toward the sun. The seed outflung from the gleaming tube glinted in the light. On a level space where the snow still remained unmelted beside the fence, the white surface was peppered with clover seeds, so small that, to anyone who did not know, they would seem utterly useless.

The wheat will furnish shade and moisture and companionship until the seedlings are established. When the wheat is cut and threshed, the young clover will quickly rise above the stubble, putting down deep roots, drawing and fixing nitrogen from the air in nodules upon the roots.

It will bloom profusely the second year, and can be cut for hay and then allowed to bloom again for seed. If the season is right and there are plenty of bees to pollinate it, clover is a very profitable crop. In any case, it benefits the soil where it grows, and furnishes nitrogenous food for live-stock.

One Man's Opinion

—By WALTER KIERNAN

THE MECHANICS of the Atlantic Pact is simple enough . . . We agree to supply arms to other powers and they agree to accept them.

* * *

The European Recovery Act was different . . . Under that pact we agreed to supply money to other powers and they agreed to accept it.

* * *

Our record of finding people willing to take things is unsullied at home and abroad.

* * *

But with this new Pact, in case of attack on any signatory power the others are bound to immediately say "tsk, tsk" but not necessarily fight.

* * *

I don't know how Joe is taking it but Moscow called a big meeting of comedians this week and ordered them to get up some new material.

* * *

He may be getting ready to issue a statement.

Dave Boone Says:

THAT Atlantic Pact has eight nations behind it, with a probability of 12, and it's a great thing. But what it needs is a push button or switch that will light up everybody at once and simultaneously in a pinch.

* * *

Anybody who has ever got a bloody nose from a sneak puncher knows the uncertainties of leaving the next move to a conference of well-wishers.

* * *

However, the Pact is a great moral force—and it deserves all our support and all our prayers in the interest of a world that can behave like human beings.

* * *

I see Henry Wallace is against it. But I think it can stand the blow.

Foreign Legion Turns Away Volunteers

By CARL HARTMAN

PARIS— (AP) —Despite serious losses in the Indochina fighting, French army authorities are turning away hundreds of volunteers for the romantic Foreign Legion

When an American ex-sailor recently accused the Legion of shanghaiing him, a defense ministry spokesman commented

"We have so many people who want to get into the Legion that we don't have to shanghai anybody."

Most of the volunteers are German, as are some 6,000 of the unit's 20,000 total strength The legion has its biggest recruiting post at Kehl, in the French occupation zone of Germany

"We can take our pick," said the spokesman a former officer of the legion who would give all the typewriters in the ministry to get back. "So we enlist only the best — experienced professionals, technicians and whatever specialists we happen to need"

The professional standards of the legion have always inspired respect in military-minded Germany, and during the last war a lot of Germans got a taste of desert life The legion would include even more Germans except that the French authorities have decided that it ought not to have more than 30 per cent of any one nationality

After the Germans, Spaniards are the most numerous in the legion. Many of them are veterans of both sides of the Spanish civil war. The Marseille area, where the legion has an important recruiting post, is a center for Spanish Republicans.

Despite its name, the Foreign Legion is not barred to Frenchmen Contrary to legend, there is only a handful of British and Americans

"But a large proportion of them write books," the ministry spokesman said, "and quite a few desert"

Some 200 to 300 recruits are accepted monthly, on the average The old rule still goes—the new legionnaire can call himself whatever he pleases and no questions asked The legion command, however, takes fingerprints and measurements and makes an investigation—to be sure that neither war criminals nor any other kind of criminal uses the legion as a hideout

A second and even more thorough investigation takes place when the new legionnaire reaches African headquarters at Sidi-Bel Abbes Often the legion's file on Private John Smith carries his real name and quite a bit about him that he would rather not be known

His modest pay—six francs (two cents) a day for a buck private and eight francs for a corporal—remains the same.

Besides this, of course, the legionnaire is equipped, lodged and fed somewhat better than the average soldier.

Even the private in the Foreign Legion is distinguished by his white kepi, the visored cylindrical cap reserved to officers in other units

The legion takes particular pride in its messes An officer inspects the kitchen before each meal, and always finds a place laid where he can sit down and try it The cooks are experienced in the best French traditions and the legion has its own model farms, run by veterans, to improve the quantity and quality of the army's ordinary rations

How the Eckelkamps increased their income

Pictured above with his wife and sons is Louis B. Eckelkamp of Villa Ridge, Missouri. Mr. Eckelkamp owns a restaurant and service station, "The Diamonds," at the junction of highways U. S. 66 and Missouri 100.

In their financial planning for the future, the Eckelkamps seek both security *and income*. Thus, their program provides for the regular purchase of stocks as well as for home ownership, savings in cash and U. S. Savings Bonds, and adequate insurance.

They own the shares of three companies listed on the New York Stock Exchange – two common stocks and one preferred. These securities returned 5.9% in 1948 on their combined purchase price.

"Our dividend checks pay for many extra things," say the Eckelkamps, who do their investment business through a nearby Member Firm of the New York Stock Exchange.

The experience of the Eckelkamps may be applied to many families in the middle tax brackets who are interested in how much income their surplus funds will buy.

In this city, as in more than 360 others across the country, Member Firms of the New York Stock Exchange are ready to serve you . . . with facts about securities and their yields, with prompt and efficient service.

'Tiniest Baby' In Valiant Fight for Life

DETROIT—(INS)—A baby believed to be the smallest in American medical history to live more than a week, is continuing today to make a miraculous fight for life in Detroit's Henry Ford hospital.

The week-old infant was smaller than the delivering physician's hand when born. The baby, three months premature, has lost two ounces since birth. She is being fed a special formula.

Ford hospital Pediatrician Dr. Phillip Howard said:

"The baby had a one hundred per cent chance to die within three or four days. Each day I expected it but she seems to have an amazing amount of vitality.

"I can only say if she lives she will be the smallest infant ever to survive."

GARDEN CENTER SPONSORS ARNOLD DAVIS LECTURE

"Gardening As a Hobby" to Be Topic of Open Luncheon Meeting Tuesday at Sky Club.

ARNOLD DAVIS, director of the Cleveland Garden Center, and an authority on gardening information, will be the guest speaker here next Tuesday in an open lecture-luncheon at the Sky Club. The program is being sponsored by the Mansfield Garden Center.

Mr. Davis, who has spoken here before, directs the Cleveland Center, which is considered the finest institution of its kind in the United States. Before joining the Cleveland organization, he taught at Amherst college, Amherst, Mass. He will use as his topic "Gardening As a Hobby."

Members of the Mansfield garden clubs are being contacted by their representatives, but the lecture-luncheon is open to the public. Reservations must be made by Saturday, March 26, to Mrs. Robert H. Ross, 5695-4, or to Mrs. George Holland, 4399-1.

Mrs. George Gettz, president of the Mansfield Garden Center, has announced that Mrs. Harry Longsdorf of the Town and Country Garden club, will be in charge of decorations; Mrs. H. N. Keene of the Astowela Garden club and Mrs. O. G. Place of the Garden Study club, hospitality; Mrs. Boyd Hartman of the Royal Regal Garden club and Mrs. Robert H. Ross of the Buckeye Garden club, reservations.

Luncheon will be served at 1 p. m., followed by the lecture.

Olivet Club Meets At Zimmermans

The Olivet Bible club met at the home of Mrs. Betty Zimmerman on Shady Lane. There were sixteen members and four guests, Mrs. John D. Bolesky, Mrs. Ida Bolesky, Mrs. M. D. Hartley and Mrs. R. W. Bolesky, present. A new member, Mrs. Herman Hamilton, was welcomed into the club.

Mrs. Louis Frere presided for the business meeting. Devotions were led by Mrs. Karl Wolford and Mrs. B. C. Donley offered the prayer. Mrs. - -ert Talbott led the lesson study. The next meeting will be held April 6 at the home of Mrs. Stella Anderson, 700 Highland avenue.

Seekers' Bible Club Has Meeting

Mrs. Harvey Bender, Cook road, was hostess Wednesday to eight members of the Seeker's Bible club. The devotions were led by Mrs. Joseph Bertka.

The business session was conducted by the president, Mrs. Bender. It was decided to make Easter baskets for needy families. The 23th chapter of Acts was the lesson study led by Miss Alice Wendling.

Mrs. Wilbur Wachs, Millsboro road, will be hostess at the next meeting, April 13.

SOCIAL SESSION HELD

A social session was held by Delano auxiliary Tuesday evening in Delano hall. Contests and games were the diversion of the evening with prizes being awarded to Mrs. Harry Gerhart, Mrs. F. D. Smith and Mrs. C. E. Crowl. A luncheon was served from tables decorated in the Easter theme. Hostesses were Mrs. Roy Turner and Mrs. George Smallstey. The next regular meeting will be held April 12 in Delano hall.

Executive Board of Federated Bible Clubs Plans Banquet

The meeting of the executive board of the Federated Bible clubs was held at the home of the president, Mrs. Arthur Grau, 628 Arlington avenue. Mrs. J. D. Wilcox opened the session with devotions.

Mrs. Grau conducted the business meeting. The chairman of the nominating committee, Mrs. R. S. Bemiller, reported on the progress of her committee, Mrs. H. B. Scoles and Mrs. Ervin Remy. A complete report of the group will be given at the federation dinner, at which time the recommendations made by the committee will be voted upon.

The executive board made a suggestion that all clubs present the president with a yearly program of their respective club. It was voted that the federation dinner be held in the form of a banquet after Easter. Committees appointed in charge of arrangements are Mrs. Edwin Davis and Mrs. Hobart Cashell, time and place; Mrs. C. O. Hall, Mrs. Ralph Peat and Mrs. Robert K. Miller, program, and the Dorcas Bible club in charge of decorations. The president of each club is responsible for the banquet reservations for their members.

The session was closed by giving the club prayer.

Opera Program Given By Mrs. Keil

"Let's Enjoy Opera" was the topic of the program given by Mrs. George Keil at the Conversational club meeting yesterday noon at the Women's club.

To illustrate her paper, Mrs. Keil played several recordings of French, German, Italian, Russian and American operas.

Mrs. Eugene Smart was hostess to eighteen members and one guest, Mrs. Homer L Glenn. The 1:30 dessert luncheon was served at small tables centered with pink sweetpeas.

Mrs. George Hall, vice president, conducted the business session, at which time the nominating committee, Mrs. Harold Burns, Mrs. George Hypes and Mrs. Frank Hanson, were appointed. Mrs. Hall announced that at the last scheduled meeting, May 11, election of officers will be held.

On April 20 the members will have a husband's party at North Lake park pavilion. This will be in the form of a covered dish dinner at 6:30 in the evening.

Junior Music Club Meets

Thirty-four members of the Junior Music Club met at the home of Mrs. Robert C. Crawford, 38 Baldwin Avenue, Tuesday evening. During the business session it was voted to buy a season ticket for the Civic Music Association concerts for the use of the members, and to contribute the remaining funds of the trasury to the Edgar Stillman Kelley Scholarship Fund.

The musical program was as follows: Frank Daniels pianist, played Chopin's "Fantaisi- Impromptue". A wind quartet composed of John Troupe, Bob Hiskey, Charles Laser and Tim Keptler played "April Showers", "Stouthearted Man" and "Just a Cottage Small". Patsy Smith and Mary Lou Smith played a piano duet "Jazz Legato".

Mrs. Scott Brown, Mrs. Joseph Pival, Mrs. H. F. Plaut and Mrs. Thomas Zaugg, string quartet, played three numbers "Emperor Variations" by Haydn, "Andante Cantabile" by Tschaikowsky and the first movement of "Eine kleine Nachtmusik" by Mozart.

After a community singing, led by Linda Wilson and Ruth Plant, refreshments were served by the hostess.

The next meeting will be a recital meeting on April 26 at the home of Mrs. H. A. Bruce, 400 Davis road.

Fete Couple With Parties

GALION — In honor of Miss Ann Boyd of Galion and James Shannon Michael of Bucyrus, whose marriage will take place here Saturday, uniting two socially prominent families of the two towns, Mrs. H. H. Freese was a gracious hostess at her home, here, Tuesday evening. She entertained 40 guests from Bucyrus, Galion and Mansfield, at a cocktail party from 7 to 9 p. m.

The table was centered with a miniature bridal party, and pastel appointments were used.

The party was one of a series to honor both Miss Boyd and her fiance this week.

One of the first parties was given by Miss Boyd's aunt and cousin, Mrs. J. S. Boyd and daughter, Mrs. Ralph Stevens, at their home on the South State road, here, last Thursday evening.

Schedule of Coming Events

FRIDAY

Golden Rule Class of the First Lutheran church—regular meeting.

Gleaners' Bible Club — Mrs. Carl Stough, Grant street, hostess.

Mariam Bible Club — Mrs. Claude Phipps, 143 Hedges street hostess.

Little Mozarts—Miss Carolyn Marshall, 196 Penn avenue, hostess at 7:30 p. m.

CAKE WALK SPONSORED

On Friday evening at 6:30 o'clock a covered dish dinner will be held by Baku Grotto in Grotto hall. The auxiliary will sponsor a cake walk in charge of Mrs. Clyde Long chairman, Mrs. Donnell Gale, Mrs. D. Y. Hudson, Mrs. Lee Forup, Mrs W. T. Knight and Mrs. J. B. Blackburn. The cakes will be donated by the ladies of the auxiliary, and the proceeds will go to the fund being collected for a new Grotto building. Any member or guest who wishes to donate coat hangers are requested to bring them to this dinner.

MEET FRIDAY

Mrs. Claude Phipps, 143 Hedges street, will be hostess to members of the Miriam Bible Club Friday at 2 p.m.

Left-over potatoes make a good breakfast dish when they are hashed and served with fried eggs. Two rules to remember: give the potatoes enough time to brown so they will have a delicious under-crust, and fry the eggs over very low heat in a covered skillet if you want them to be extra-tender.

Three New Members Obligated

The regular business session of the Daughters of Isabella, Joan of Arc Circle 380, was held Tuesday evening in the K. of C. home, Sherman avenue.

Mrs. T. J. Creamer, past regent, presided for the obligation given three new members, Mrs. Robert Pealer, Mrs. I. F. Laug and Mrs. C. E. Beard.

An interesting and informative talk on the Girl Scout movement was given by the executive director of the organization, Miss Margaret Rooney. The circle voted to sponsor a troop.

The circle also voted to defray expenses in connection with the checking of the hearing which is to be made of third grade pupils in St. Peter's Catholic school by the City Health department.

The attendance prize was won by Miss Esther Cappadonna.

The next regular business session will be held March 29 in the K. of C home.

Two Books Reviewed By Mrs. MacLean

Mrs. Merrill Manz jr. was welcomed as a new member of the Tuesday Book club at their meeting yesterday afternoon at the Women's club. Mrs. Frank Maxwell was hostess for the luncheon served to twenty members at tables centered with spring flowers.

Mrs. Norman Wolfe, president, presided for the brief business ssesion.

Two books, "Friendly Persuader" by Jessamime West, and "A Little Locksmith" by Katherine Butler Hathaway, were reviewed by Mrs. Joseph MacLean.

The next session will be the last of the season. It will be held at the home of Mrs. Donald Black, Marion avenue. Mrs. Louis Ott jr. will review the literary prize books.

CLASS MEETING

Class 27 of the First Christian church will hold a regular meeting Friday afternoon at 2 o'clock in the primary room. A short musical program will be presented, and refreshments will be served at the close of the session. Members are requested to bring tax stamps.

Schuff Home Scene of Meeting

The officers and chairmen of the Women of the Moose, met Tuesday at the home of Mrs. William Schuff, Vernon road, with sixteen in attendance. Mrs. Gladys Stone assisted with the arrangements. Mrs. Michael Campanelli, senior regent, conducted the business session.

Contests were the diversion of the evening with prizes going to Mrs. Marion Gerrell and Mrs. Anton Schweitzer. At the close of the evening refreshments were served with pink and blue appointments used.

The next session will be held at the home of Mrs. Clyde Butler, 310 Grace street, with Mrs. Francis Garber assisting.

Mansfielder Takes Bride

Miss Ethel Rae Medland of Youngstown and H. N. Asher were married March 1 at the city court house with Mayor Roy W. Vaughn officiating.

William Marcus, a friend of the bridegroom, served as best man. Mrs. Theresa Schmidt, a friend of the bride, was matron of honor.

The bride wore a green wool crepe dress with champagne accessories and a pink rose corsage. The matron of honor was attired in a brown dress with brown accessories and wore a pink rose corsage.

Mr. Asher is a employe of City Produce and Commission company. The couple is now residing at 117 Mulbe y street.

Sweet and sour red cabbage makes an excellent accompaniment for baked, broiled or fried fish. Use lemon juice or cider vinegar for the "sour" taste and try brown sugar for the "sweet."

Broiled ham slices are delicious for dinner any day of the week. Use a moderately low temperature for broiling and cut the fat edge in several places to prevent curling. Spiced canned cling peaches are perfect with this.

Colgate-Palmolive-Peet's Fabulous Washing Discovery

FAB WITH SUPER-WETTING ACTION washes everything CLEANER, WHITER and FASTER than any soap on earth!

NEW INGREDIENT GETS DAD'S SHIRTS WHITER!

FAB contains a *fabulous*, new ingredient that washes white things whiter and colors brighter. Besides, there is no "graying" soap scum with FAB. Your whole wash looks fresher, brighter when you wash with FAB!

Yes, in hardest water, FAB washes everything faster, cleaner, whiter and brighter than any soap made! Gets even grimiest overalls cleaner!

An entirely new kind of washing preparation far ahead of soap! No soap on earth can wash clothes as clean and white as FAB with *Super-Wetting Action!*

Super-Wetting Action is a new, scientific washing principle. When you wash, FAB penetrates materials faster and more thoroughly than soap; *pushes* dirt *out!* No soap scum, even in hard water! FAB is *safe* for clothes; up to twice as economical as soap, in hard water!

FABULOUS SUDS IN HARDEST WATER!

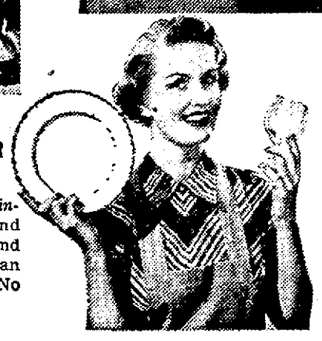
The instant you put FAB into your tub, washer or dishpan, you'll see the difference! FAB gives you rich, thick, *dirt-bustin'* SUDS...with no soap scum...even in hardest water!

WASHES GRIMIEST WORK CLOTHES CLEANER THAN ANY SOAP!

FAB with *Super-Wetting Action instantly* penetrates materials and *pushes* dirt *out!* Grimiest overalls and children's play clothes get extra-clean so fast you can hardly believe it! No "graying" soap scum!

What is Super-Wetting Action?

A length of cotton thread, rolled into a little ball and dropped into water, floats. When dropped into FAB and water, it sinks, becomes soaked *at once!* This shows how FAB penetrates materials faster and more thoroughly.



FAB WILL DO DISHES TWICE AS FAST!

Dishes and glassware sparkle *without wiping!* Just wash with FAB, and rinse. FAB leaves no soap scum or film on dishes, and slashes through grease as no soap can! Gets pots and pans clean with much less scouring. FAB is *mild* to hands!

Faster And Better for all family wash and Dishes

Bigger and Better Wishbones

'Souped Up' Chickens Now On Market

By HARMAN W. NICHOLS

You can argue until you're blue about which comes first — the chicken or the egg.

But as of now, I'm here to report, the egg and the chicken are running neck and neck.

At Beltsville, Md., where the Department of Agriculture experiments with parsnips, sows, cows and hens, they are "souping up" chicks long before they peck through the shell and start to scratch for a living.

Agricultural specialists are giving the eggs a hypo of a millionth of a gram of crystalline B-12, which is a form of the well-known vitamin B.

H. L. Shrader, who calls himself the world's champion carver of poultry and eyes everything from egg to white meat with anticipation, explained that this B-12 stuff is full of "animal protein."

"It helps to produce growth," he said.

It's part of the program to grow bigger chickens quicker. To give the housewife a break, and at the same time help the man who runs the hen house to make a decent living.

"It all ties in with the chicken-of-tomorrow program," Shrader said.

The program was started at a meeting of the chickenyard set in St. Louis a few years ago. The A. & P. food stores put up something like $8,000 in prizes.

The climax came at Georgetown, Del., last spring when the Department of Agriculture and others proudly put on parade a flock of flocks that had grown to four pounds in 12 weeks. The normal time for that sort of performance in a chicken is 16 weeks.

In the 12 weeks, these prize chickens, with eight slices of white meat to the breast and drumsticks as big as a young turkey, ate three pounds of food.

"The going rate used to be twice that—and it took 16 weeks to get 'em up to four pounds," Shrader said. "It's like a man doing two days' work in a week and saving the money he would have spent on transportation to and from the job."

The eggs for the 1949 chicken-of - tomorrow contest will be placed in the incubators or under the feathers on March 30 in 23 states.

The men at Beltsville already are giving hatchable eggs a pin point dose of the magic B-12.

According to Shrader and Jr H. R. Bird, of the U. S. D. A. poultry husbandry department, by the time the chicks are five weeks old they have perked up. They are already—at that tender age—one-fourth of a pound heavier than the poor chick which didn't get a needle when it was just a poor egg.

By six weeks, the super-chick has gained a little more, and by the time it is seven weeks old it is nearly one-third of a pound heavier. A chicken eater can lick his chops at this point by just looking through the wire.

SEEK ARMED THUG

YOUNGSTOWN — (INS) — Police began a search today in Youngstown for an armed thug who robbed $2,500 from Mrs. Frank Lovell.

Lists Tax Free Feed, Seed Items

There is some uncertainty in many sections of the state as to the proper application of the Ohio sales tax on sales of feed, seeds and plants, C. Emory Glander, tax commissioner, announced today.

The commissioner listed the following items as tax free: feed, including pet food, vegetable, flower and grass seed, food producing plants and fruit trees.

29 Join In Butterfat Test Plan

Results Show Yield Is Low

The first month of operation of the Richland county Dairy Herd Improvement association's butterfat testing program showed 29 farmers participating.

Of the 294 cows tested, 47 were producing 40 pounds of butterfat per month, and the average butterfat production was only 28 5 pounds a month per cow.

With a butterfat avcrage of only one pound per day per cow in the herds tested, need for such a testing program in Richland county to weed out the 'boarders' from the dairy herds, is clearly indicated C. N McGrew, county extension agent said.

Charles L. Gunder, county testing supervisor and breeding technician is handling the testing program and can be contacted at the Mansfield telephone number 7634-1 for further details on the program.

The agriculture extension office in the county court house also has complete information on the butterfat testing program.

Women As Peacemakers; Writer Lifts Veil On the Year 3,001

NEWS ITEM—"Professor says women are natural peacemakers and proposes they rule world for next thousand years. Predicts there would be fewer wars."

* * *

It was the year 3,001, the thousandth anniversary of woman's rule of the world.

The morning dawned cold and clear. A skinny, undersized man and a runty boy, both clad in patchy rabbit fur, crawled shivering from their hill-cave.

The two were father and son. With numb hands they began to collect bits of firewood, glancing constantly around to see that no wild animal crept upon them. From inside the cave came the sound of heavy snoring.

"We must hurry and make the cave warm," said the man nervously, "or your mother will beat us with a club when she wakens."

The little boy sighed moodily. "Sometimes I wish we hunted for the food and ruled the cave instead of mother," he said.

"In the long ago it was all different," said the father. "I heard the tale from grandpa who had it from his grandpa who was told it by his grandpa.

"Once people lived together in great cities and were ruled by men. The men turned their weapons against each other and there was a long series of great wars. Finally, women asked if they could rule. They said they weren't so pugnacious. And the men, weary of killing, agreed."

★

"And what happened then?" said the boy, laughing to himself at the whole fairy tale.

"At first there was peace for a hundred years. But then, so grandpa told me, power corrupted women, as it does all people. They became vain and greedy. And they fought among themselves, and war came again into the world.

Women first fought by nations, destroying each other's men and children. Then came the great vanity wars—first, the war of the girdles and then the war of the brassieres."

"What are brassieres and girdles?"

"No one remembers," said the father. "Perhaps they were terrible religions of some kind. But their followers have all died out now.

"And then came the great five-hundred year war of the colors. Women used to be blondes, redheads or brunettes. The blondes and redheads got together and wiped out the brunettes. Then the blondes and redheads warred to extinction.

"And what was the last war about?"

"Me," said the father. "I was the only man left in the world. But there were two women. They fought over me. Your mother won. She is a strong woman."

Just then a deep contralto voice growled sleepily from the cave:

"What are you two silly menfolk doing out there?"

The boy—the little snitch—ran fawning toward the cave.

"Coming, mother dear," he said. "Father's been telling me lies again."

Pungent Remarks By McCormack Draw Solid Round of Applause

THE TALK of the Capitol this week was the way Majority Leader McCormack of Massachusetts finally flattened Cong. Rankin of Mississippi.

Mr. McCormack, fed up with Rankin's bigotry (on the floor of Congress), got up and said: "I've just about reached the end of my endurance. Before Pearl Harbor the gentleman from Mississippi was opposed to every bill necessary for the defense of our country. Racial origin, a man's color, a man's name, mean nothing to me. What does mean something to me is a person's mind. If I meet a person with a bad mind, a low mind, a bigoted mind, I meet a person I have contempt for!"

Bravo!

In an optimistic speech on St. Patrick's Day James Forrestal said: "In place of despair in Western Europe there is hope; in place of fear, courage."

Then there's the most optimistic note of all—in place of Forrestal, Louis Johnson.

The new Will Rogers stamp bears his famous quote: "I never met a man I didn't like."

When Rogers first pulled that line on showman Ziegfeld, the glorifier tee-hee'd: "You know, that's how I feel about women."

That new 3c stamp reminds us that we never met a man who didn't like Rogers.

City Plant To Curtail Production

Westinghouse Maps Furlough Plans

A general production cutback at the Mansfield Westinghouse plant, affecting both major and small appliance lines, was announced today by company officials.

Included in the "12 to 30 per cent gradual stepping-down production move" will be ranges, laundromats, dryers and small appliances, a company spokesman said.

He said the range division, formerly on two shifts, will be "cut back to one shift starting April 1." Refrigerators and toasters will remain on two shifts as will feeder lines where parts for refrigerators are made.

Even with the expected layoff in April, employment will "still be above the pre-war figure," the spokesman said. Approximately 5,000 were employed at the plant prior to World War II employment figure is 7,200.

On Feb. 25 of this year, plant officials announced that 500 workers had been furloughed since the first of the year. At that time officials said the layoffs were due to the "seasonal slack in sales during February and March."

Co-Op Club To Install

New officers of the Mansfield Co-operative club will be installed at the annual Inaugural Ball, April 5, at the Mansfield-Leland hotel.

The officers were elected at a meeting of the club held at the Happy Harry house Tuesday night.

They include Leslie K. Wagner, president, R. Earl Brandenburg, first vice president; Wendell H. Oswalt, second vice president; Roy L. Wolgast, third vice president; Robert F. Schmitt, sergeant-at-arms; H. Wayne Hoffmann, secretary - treasurer. Dr. Aram Tootikian and John H. Carew were elected as new board members.

Other board members are T. A. Coleman, chairman; Joseph W. Nichols; Gilbert K. Eggleston; and Orville C. Schindler.

Installation will be in charge of James S. Duncan, governor of district No. 2.

Guests from the Akron, Canton, Zanesville, Shelby, Columbus, Findlay, Dayton, and Lima clubs will attend the installation.

Music for dancing will be furnished by Nels Blocker and his orchestra.

Home Kiddies Need Swings, Merry-Go-Round

Play Apparatus Falls Apart

By EILEEN DEWHURST

Nearly 25 years ago a Mansfield club equipped the playgrounds at the Richland county Children's Home with swings and two merry-go-rounds.

Hundreds of children have used the equipment since it was new in 1925, but now it is falling apart. No outdoor equipment has been added or replaced since 1925.

The merry-go-round on the girls' playground has been repaired numerous times, but this year it is beyond repair. Broken swings hang limply from their chains and the four swings which are still usable are sadly inadequate for the 19 girls now at the home.

Only one swing remains on the boys' playground, which is used by 26 boys at the home. Of the other swings, all that remain are broken chains and the bars from which they were suspended. The boys' merry-go-round is in slightly better condition than the girls', but it looks like anything but a modern piece of playground equipment.

There are no exercise bars, trapezes, or slides.

PAINTED LAST YEAR

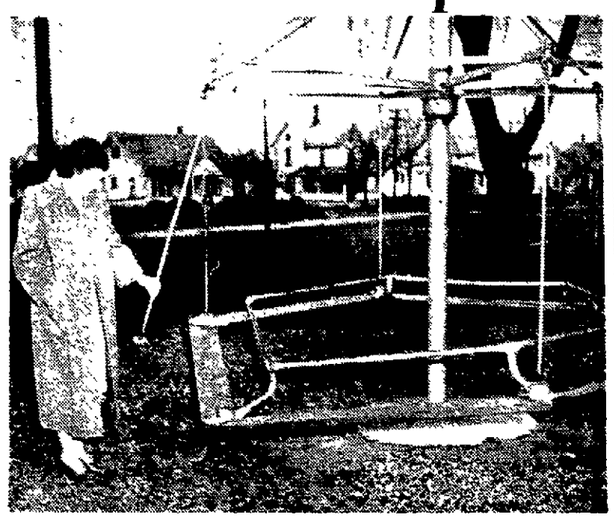
Last spring the children painted the old equipment in an attempt to improve its appearance. This year there is little left to paint.

Since the budget at the home makes no allocation for recreational equipment, the children must depend on gifts from individuals and organizations.

Mrs. George Reece, matron at the home, said civic organizations in the county have been very generous in their gifts of other recreational equipment.

The 164th Fighter squadron of the Air National Guard recently gave the home a croquet set, bats, balls, and a ping-pong table. The Shelby Rotary club supplied the boys with new baseball gloves. The Elks lodge gave the home footballs, and the Junior Chamber of Commerce and other groups have made gifts of recreational equipment.

But permanent equipment for the playgrounds which is needed to round out the recreational program is lacking. Now Mrs. Reece hopes some interested group or groups will realize the need and come to the rescue.



MERRY-GO-ROUND BROKE DOWN—Mrs. George Reece, matron at the Richland county Children's Home, looks sadly at a broken support on the girls' merry-go-round on the playground at the home. Like the other outdoor equipment, the merry-go-round has been repaired numerous times since it was new in 1925, but even welding won't help this year.

U. S. Women Lucky, Professor Says

A group of Mansfield women were told last night that they are better off than women anywhere else in the world and have better husbands. Their husbands heard it, too.

The speaker was Prof. H. R. Cotterman of Capital university, Columbus. He addressed 105 Lions club members and their wives at a charter night party at the Moose club. Cotterman's subject was "Women, Women Everywhere."

"A woman in America is a human being. Under the Constitution, her liberty and freedom and decency are guaranteed," Cotterman said.

"In the United States, a woman has the same opportunities as a man. Women in most of the world can't vote.

"It's really tough," he continued, "to be a man outside the United States, but it's a lot worse to be a woman."

"In other countries they educate the boys only. It would be a better world if they educated women more. Educated mothers mean educated families."

He told the women in the audience they had the best husbands in the world, that their incomes were better and that in living in Ohio, "they were living on top of the world."

MOST CAN'T READ

"Most of the women of the world can't read," Cotterman said. "The Arabian countries are the worst of all. There, 92 per cent of the women can't read."

He said the Arabian custom was for the woman to walk behind her husband.

"But the war changed that," he said. "Then, the Arabian woman walked in front of her husband in case a mine had been buried in the ground."

In China women are held in such low esteem, a Chinaman who has seven daughters and two sons, when asked how many children he has, will reply: 'Two sons.' "He omits the seven girls," the professor said. "The idea prevails in the Far Eastern countries that heaven is for men only, that women don't go to heaven."

Cotterman declared that women in other countries don't have shoes, medical or dental attention, washing machines or can openers—or cans of food that could be opened.

Visitors last night included the governor of District 13-A, H. Y. Hoover of Wooster and the past governor of this district, Curley Baum of Elyria. A. H. Fankhauser, secretary of the club here, and governor of this district, was presented a briefcase from Lions International by Miller as a result of new members obtained in the district in January.

Lions and their wives attended from Marion, Elyria, Ashland, Lucas, Wooster and Portsmouth.

Fail to Act On Program

Members of the Fourth of July fireworks committee of the Mansfield Parks association, who met last night, failed to make any decisions because only five members of the committee were present.

Robert Ellis, chairman of the group, said today that a second meeting has been set for next Wednesday night at the Municipal building at 7:30 p. m.

At that time, further details of the city-wide Fourth of July celebration to be held at Arlin Field will be discussed.

"I'd like to have every member of the committee present for that meeting", Ellis said today. "We have some important questions to decide and subcommittees to appoint."

Seeks Board Post

Eugene H. Rider, superintendent of schools at Bellville, has announced his candidacy for the state teachers' retirement board. Rider is past president of the county organization. If elected he will serve a term of four years.

Railroad Man Killed

Crestliner Hit By Car In Conway, Pa.

CRESTLINE — Elmer H. St. John, 54, Pennsylvania railroad freight conductor who resides here at 810 East Main street, was injured fatally by an automobile at 6:30 p. m. yesterday in Conway, Pa. The railroader was walking from his hotel to the railway depot when struck.

St. John was dead on arrival at the Conway hospital, a skull fracture and internal injuries resulting in his death. An inquest is scheduled there today.

Born in Warren, O., Mr. St. John had been a Crestline resident for 35 years and recently was promoted to freight conductor. Surviving are his widow, Rachael; a daughter, Mrs. Leo Ensminger of Crestline; his mother, Mrs. Fred McGucker of Darlington; three sisters, Mrs. Clara Glimes of Beaver Falls, Pa., Mrs. Margaret Decker of Pittsburgh, and Mrs. Ruth Biveland of Lewisville, O., and two grandchildren.

The body was returned here to the Garverick funeral home where services will be conducted at 2 p. m. Saturday with Rev. S. A. Metzger, of the English Lutheran church, officiating. Burial will be in Greenlawn cemetery.

County Approves Ditch Project

Commissioners approved a petition calling for improvements to the Hetler ditch in Butler township, after making a second inspection yesterday afternoon, following an assessment hearing.

They authorized the county engineer to ask bids from contractors for the work. Work calls for clean-out of 2,650 feet of the ditch and replacing of 860 feet of tile.

Originally, the work called for 12-inch tile, but this was changed to 15-inch tile yesterday at the request of the landowners.

PRAISE FOR A CHANGE—

County Commissioners are so used to "gripe" letters, they were glad to receive the following "unusual" letter from L. F. Poat, of Perrysville. "I suppose you receive so many letters of complaint and abuse that one of praise may leave you a little dazed," Poat wrote. "However, I do want to congratulate you on the way the county roads have been maintained this winter. The men have been right on the job and have worked the roads every time the weather was fit." Poat said the Stoner Access road had been repaired and kept in good shape. "and I want to assure you that all of us down here appreciate it."

★

"PROSPECTORS"—

A pair of young Mansfield "businessmen", evidently just out of a western movie, walked up North Walnut street talking low. One scuffed his cowboy boots; the other patted along in well-used saddle shoes.

"Yep," said the cowboy, aged about 8. "I'd just like to buy that whole northwest territory, get a lousy big oil well and retire."

"Yeah," agreed his partner, "there's sure a lot of land out there to get rich on."

★

SAFE DRIVERS—

Paul Schweyer, 62 East Third street, has an enviable record when it comes to safe driving. Schweyer will receive an award for a perfect driving record of nine years at an annual dinner in Columbus Sunday. Anthony Augustine, 202 Marshall avenue, will be honored for seven years perfect driving. Other Mansfield men who will be recognized at the dinner are Charles Gang, Adam Karbula, William Perman, Ray Hard, John Smith, Frank Nauman, Earl Payne, John Coble, George Smith, and Samuel Bristow. All of the men are drivers for the Commercial Motor Freight company which sponsors the annual dinner in recognition of safe drivers. The awards are made in accordance with the rules of the National Safety council.

FALL FATAL TO INFANT

YOUNGSTOWN — (AP) — Martha Caposell, 11-month-old daughter of Mr. and Mrs. Charles A. Caposell, died yesterday of injuries received when she fell from her buggy at her home.

Parking Measure Studied

Opens Way For Downtown Lots

Mansfield's parking problem would be eased under a bill which is up for a vote today in the Ohio House of Representatives.

The measure, introduced by Rep. Jesse Yoder, Montgomery county, would give municipalities the right to acquire land for automobile parking in downtown areas.

A law on the books now gives cities that right, but requires them to dispose of the property within two years.

The House yesterday passed and sent to the Senate a bill to permit full credit toward retirement to policemen for military service. The vote was 129 to 0.

SENATE VOTES BILLS

The Senate passed measures to:

Allow the state to increase payments to non-profit hospitals for indigent traffic accident victims from $6 to $10 a day.

Permit public expenditure of a maximum of $1,000 for street repairs without bids.

Authorize bond issues to finance realty appraisals. The measure already has passed the House.

The Senate Public Health committee recommended passage of a bill to license practical nurses.

The House Taxation committee reported out a measure granting local taxing subdivisions power to submit two-year levies in 1949-50 requiring a 55 per cent favorable vote for passage at general elections. A 60 per cent vote would be needed at special or primary elections for approval. The measure already has passed the Senate.

Girl Scouts Pass Tests

Seventeen girls passed the Girl Scouts tenderfoot requirements and became members of the newly-organized Troop No. 80 at Roseland school yesterday afternoon.

The troop, led by Mrs. Forest Pittinger, is comprised of fourth and fifth grade girls. They received their pins from the leader. Included in the group are: Judy Armstrong, Barbara Baker, Helen and Peggy Basting, Charlene Delp, Betty Friend, Marilyn Fulk, Mary Ann Hellinger, Karen Keefer, Margaret and Mary Reynolds, Betty Sampsel, Patricia Sargent, Joann Stauffer, Martha Tilton, Ruth Warner and Jacqueline Yoakam.

Each girl repeated the Girl Scout promise before receiving the pin. The co-leader of the troop, Mrs. Harold Reynolds and the troop committe members, Mrs. Michael Gaubatz, Mrs. John Armstrong, and Mrs. Peter Miller were also presented with pins by Mrs. Pittinger.

Girl Scout songs and games completed the program.

Little Capitol 4-H Club Elects

Robert Stewart will head the Little Capitol 4-H club for the coming year, it was announced today. He was elected at a meeting held at the home of the adviser, Max McFarland, Tuesday.

Other new officers include Burton Baer, vice president; Jimmy Fisher, recreation leader; Jack Freeman, assistant recreation leader; and Sammy Metzger, news reporter.

The club decided to have a soft ball team, and the coach will be Vernon Barnhill, assistant adviser.

Ashlander Fined For Passing Bus

Richard M. Hoover, 16, of Ashland, was fined $5 today in Richland county juvenile court, on charges of passing a school bus which was unloading children.

The youth told the court he was under the impression he wasn't required to stop when traveling in the opposite direction and towards the bus. He was told to acquaint himself with traffic laws.

Dominion Sets Up $95,000 In Firm's Profit-Sharing Plan

A total of $95,000 has been sent up by the Dominion Electric corporation for 200 participants in the company's profit-sharing plan, company officials announced today. They said the sum represents a record high since the plan went into effect seven years ago.

The profit - sharing money represents 15 per cent of the earnings of the participants for the past year — the maximum allowed under Treasury department regulations, officials said. The money came out of the company's profits for 1948.

The plan was started in 1942 and since that time a total of $411,972 has been deposited in the accounts of more than 200 participants at the Farmers Savings and Trust company, trustee under the plan.

In 1947, a total of $93,384 was deposited for employes under the plan out of the company's earnings for the year. This year's profit-sharing money will be payable to the participants at Christmas, 1952 in accordance with treasury department regulations.

To be eligible for the profit-sharing plan, an employe must have been with the company for three consecutive years, officials said.

Lions Give $1,375 to Aid Needy

Review Charitable Work In 1948

The Mansfield Lions club spent $1,375—or an average of $18 per member—during 1948 for charitable activities, Von Davis, Lions blind committee chairman, reported at the annual Charter Night dinner-meeting last night at the Moose hall.

Included was $222 for glasses, eye operations and other help, $49 for entertainment for the blind, and $80 for Christmas gifts for the blind.

He said a motor scooter, costing $391, was purchased for an invalid, and that $95 more was spent for other charitable activities.

In all, $1,936 was spent, with the balance of the contributions being made by the Richland County CIO council, $200, the Delano Lodge, $162, and the United Electrical Radio and Machine workers, $200

These contributions went toward buying six ceiling projectors and books for invalids. This equipment cost $1,095 and the balance of the money came out of Lions funds.

Ralph Snyder, chairman of the sight-saving seal committee, reported that $530 was collected during January for use in the club's program to buy eye glasses and aiding those who need eye care.

Orchids Blossom On Women's Dresses

Orchids bloomed profusely in Mansfield yesterday and today as a touch of Hawaii was brought into the city by the M O'Neil company. The firm passed out the flowers to shoppers and many a coat or dress that never had known an orchid before had one, or even several, today Store officials were at Mansfield airport an hour before noon today, awaiting arrival of additional blooms as the supply of more than 2,500 brought in yesterday, ran out

Police Nab 2 Juveniles

Two Mansfield youths, one of them on probation from juvenile court, were ordered to report to Police Chief Jesse J. Schwab at 4 p. m today after they were caught last night "trying" car door handles on a downtown street

Patrolmen said they saw the boys attempting to open the doors of cars parked along North Diamond street and they found one of the cars ransacked. The pair apprehended at Temple court and North Adams street, included a 15-year-old Elm street youth and a 16-year-old Fairfax avenue boy.

According to juvenile court records the Fairfax avenue youth was put on two years' probation last Dec. 18 for breaking into the clubhouse at Possum Run golf course and taking $175 in merchandise Court officials said the boy was first put on probation on Jan 18, 1945, for breaking into a business place on Wayne street. He was placed with relatives in West Virginia at the time.

On July 7, 1948, he was accused of disorderly conduct at Liberty park and again paroled to his parents

Five Perish In Flames

Fire Wipes Out Whole Family

CIRCLEVILLE — (AP) — A family of five persons burned to death early today when fire destroyed their tenant house on a farm, 12 miles northwest of here.

The victims were:

Leonard Estep, 28, tenant farmer; his wife Frances, 26, and their three children, Jean, 6; Beverly, 4, and Loie Lee, 17 months.

They lived on the Earl Miller farm on Route 104.

A neighbor discovered the fire about 5 a. m. and called the Circleville fire department. The neighbor said she observed no activity about the house until the firemen arrived.

Two hours later, Sheriff Charles Radcliff of Pickaway county and deputies had removed three bodies from the debris of the frame house.

Neckties, Foreign Language Bring Woes to Traveler

A glimpse of the lighter side of South America was presented to the Mansfield Rotary club this week by Mansfielder John Poll, assistant export manager of the Galion Iron Works.

Poll said Americans are treated cordially by the South Americans, even at the customs inspection.

When he first got to South America, Poll said he thought he would try some of his Spanish on the customs inspector. His Spanish was so good that the inspector thought he was a Latin and put him with the natives who had to wait their turn to go through customs.

Not until Poll explained to the customs man that he was an American (in English), was he permitted to go on through with the American group.

He had another brush with customs when leaving Lima, Peru. One of the officials admired his ties, so Poll gave the man one of them. That was a mistake.

The customs official said, "Senor, you are een trouble."

When Poll asked why he was in "trouble," the inspector replied, "Because the chief inspector saw you geeve me that tie."

So to get out of a possible bribery charge by one of the minor officials, it was suggested to Poll that he "geeve the chief official a tie, too." He did, and no bribery charges were filed.

TWO KILLED IN FIRE

Army Quits Office Here

The former Mansfield Army recruiting office on South Park street resembled the evacuation of Dunkirk today as Maj. Lloyd A. Kuhns, commander of this recruiting area, supervised the dismanteling of the office for shipment to the Canton area headquarters.

With the shifting of the Mansfield recruiting station to the Army Reserve office at 31½ North Main street, yesterday, the remainder of the office equipment, originally intended for 21 persons, had to be moved to Canton.

Capt. R. L. Pine, commanding officer of the Mansfield station, and 14 of the other 16 Army and civilian personnel either have been released or will be transferred to the Canton office on or after April 1, when the Mansfield station will be reduced to a sub-recruiting station.

Beginning April 1, Master Sgt. Charles W. Bates will be commanding non-com of the Mansfield office. He will be assisted by Cpl. Earl Marzluf, now stationed at the recruiting office, and Sgt. First Class Thomas Kane, who reports for duty in Mansfield tomorrow.

Jungle Searchers Recover 5 Bodies

MANILA — (UP) — A ground party has recovered the bodies of five of nine United States Air Force crewmen killed March 1 in the crash of an American B-29 tanker plane atop Mount Irid near here, Clark field announced today.

The B-29 refuelled the record-breaking, globe-girdling B-50 Lucky Lady II on its non-stop flight but failed to return from the mission.

The ground party, armed with machetes and other jungle equipment, was dispatched to the mountain some days ago.

Bishop Gives Galion Class Historic Rite

Episcopalians Hold Confirmation Services

;GALION — An outstanding service was held at Grace Episcopal church here Wednesday evening when the Right Rev. Beverley D. Tucker, D. D., bishop of the Episcopal Diocese of Ohio, administered the ancient Apostolic Rite of Confirmation, or The Laying on of Hands.

The services were held for a class of adults and young people presented by Rev. Franklin J. Klohn, rector of the Galion church.

Special music was furnished by the choir under the direction of Mrs. Carl W. Freeman, with Jean M. Stebbins at the organ.

The historic confirmation ceremonies were followed with a reception in the parish house sponsored by the Women's auxiliary of which Mrs. Wesley L. Tanner is president.

Committee in charge was composed of Mrs. Daniel W. Postance, chairman; Mrs. Gerald Bonnar, Mrs. William Carroll, Mrs. Paul E. Nollen, Mrs. James M. Robinson, and Joannah L. Postance.

Clerks' Pay Raised

AKRON (AP) — A five-cent hourly wage increase was granted some 500 retail clerks of Isaly dairy stores in eastern Pennsylvania and six Ohio counties yesterday.

OFFICE BEING ENLARGED

BUCYRUS — Workmen are enlargeing the sheriff's office in the Crawford county jail here to provide more office space for Sheriff Ralph Schreck and his deputies.

AMERICAN AT THREE — Beaming proudly, Betsy Ann Schmidt, 3, salutes her naturalization in Pittsburgh federal court. The tiny refuge is the adopted daughter of Mr. and Mrs Harry Schmidt, who brought her to America when she was six months old. —(International Soundphoto).

PRESENT PLAY FRIDAY

BUCYRUS — Members of Bucyrus high school speechclass will present Vincent Struthers' comedy, "The Ghost of a Chance" at the high school auditorium Friday night with the leading roles being taken by Sally Siegel, James Harris, Joyce Bailey and Kenneth Layer.

Ohio to Get Sammy Kaye

Sammy Kaye and his orchestra will appear in a stage show at the Ohio theater for a one-day stand, April 26, the theater management said today.

The popular dance band will present a stage show in which theater patrons are invited to take over direction of the orchestra.

Kaye, who organized his band about 20 years ago at Ohio university, Athens, has become one of the topflight entertainers, playing theaters and hotels from coast to coast.

Cancer Takes Toll As Child Diseases Lose Their Terror

Cancer now ranks high among the causes of death of youngsters, according to statisticians of the Metroplitan Life Insurance company.

The disease recently has accounted for one out of every nine deaths from disease at ages 1 to 14 years, while as late as 1930 the ratio was one out of every fifty Well over 2,000 children die each year from cancer.

A portion of this increase in mortality from cancer in childhood is believed to be a reflection of more accurate diagnosis.

Basic research on the fundamental causes of the disease and the increasing knowledge of the medical uses of nuclear energy are weapons which will ultimately reduce the toll from cancer in childhood it is believed.

As cancer deaths increase the common childhood diseases are nearing eradication as causes of death.

Death from diphtheria, scarlet fever, whooping cough, and measles has been reduced nearly 80 per cent in the past 12 years. The death rate from these diseases is now 5.9 for each 100,000 population.

This reduction in the death toll from diphtheria and whooping cough is attributed largely to the effectiveness of immunization as a preventive measure.

Horoscope

For Friday, March 25.

AN intriguing and unpredictable state of affairs is read from the predominant astral aspects, in which an element of the mysterious and hidden may be expected to figure. This factor should be deftly used for telling results, attesting important transactions, in which ideals, imagination, glamor or subtlety may enter into business or personal interests. Surprising culminations come under this subtle rule, affecting the practical as well as the emotional life or feelings. Dreams "come true" if carefully engineered to realistic results.

For the Birthday.

Those whose birthday it is, may find themselves anchored in a period of the strange, unique, subtle and out-of-the-ordinary in all its relations, business as well as emotional or spiritual. With hidden undercurrents to be deftly manipulated it might be that ideals, aspirations, dreams or romantic thrills may materialize. The intuitions, "hunches" or other form of the intangible or bizarre could be factors in attaining practical results. Subtle urges may be heeded.

A child born on this day may attain surprising returns by use of unique, strange or subtle talents, faculties or inner urges, if sanely and practically manipulated. Feelings and emotions are its ready implements for success.

Offers Life In Payment

LONDON — (AP) — A British soldier offered yesterday to take the place of a condemned woman on the gallows "to show my gratitude" for the sacrifices British women made during the war.

Warrant Officer E. F. Reed Thomson of near Bichester, made his offer to relatives of Mrs. Rene Duffy, 19, sentenced to death a week ago for the murder of her husband. Mrs. Duffy is the mother of an 11-month-old child

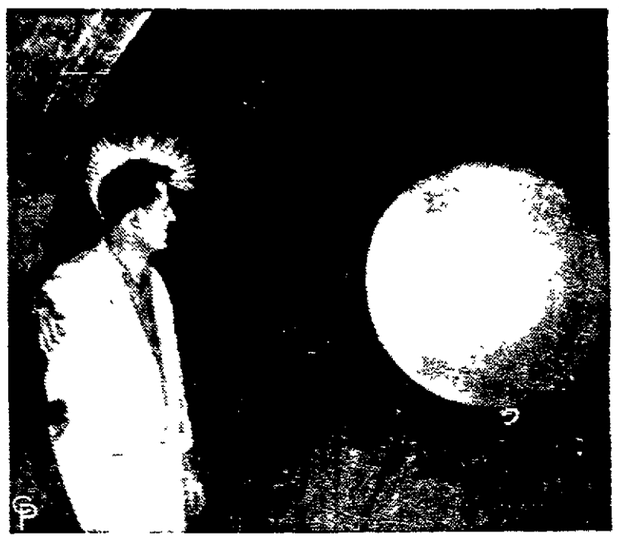
Thomson wrote: "I have tremendous admiration for the women of Britain. I often think of the many sacrifices they made during the war years in order that we might come back to a happy and full life."

Asked what his wife would think of his offer, Thomson replied: "She will understand. A soldier has no time for sentiment. We have a job to do and if death tomorrow is part of the price, we do not grumble."

Fraternity Schedules Dance Saturday Night

Alpha Alpha Iota chapter of Phi Sigma Chi fraternity will hold its second in a series of Saturday dances at 10 p. m. Saturday.

Speros Karas and his orchestra will play for the dance at Richland Recreation on Ashland road. Forest E. Marlow, social committee chairman, said today.



HAIR-RAISER—Facing the new multi-million-volt electrostatic generator is a hair-raising experience as Dr. Rolland Perry demonstrates during a test in a Chicago laboratory. Designed and constructed by Dr. Perry, it is one of the first post-war instruments for the study of the nuclei of atoms. It has an energy output of four million electron volts.

Teachers Given $200 for Bonus

SPRINGFIELD —(AP)— Cost-of-living bonuses were voted employes and teachers of the Springfield public schools by the board of education yesterday. Teachers and principals will be paid a lump sum of $200 on June 15.

Other employes are to get weekly or monthly increases for the balance of the year only. The latter will range from $3 weekly to $22 monthly.

Orders Quarantine

CINCINNATI — (AP) — Dr. J. Phillip Owens, Hamilton county health commissioner, Tuesday ordered a 90-day dog quarantine in seven townships in the western part of the county.

Galion Firm Pays $25,750 For Its Truck License Tags

The F. J. Egner and Sons trucking company, Galion, paid $25,750 for new license plates for its fleet of 176 tractors and trailers at the license issuing office at 66 North Mulberry it was reported today. This was the largest purchase in Richland county so far.

The purchase was made in the Mansfield office for convenience company officials said. The company is located in Crawford county.

Auto license plate sales at the Mansfield office are slightly ahead of last year's sales for the same period. To date 9,497 tags have been sold, 117 more than at the same period last year.

Farm Bureau Heads Meet

Paul White, manager of the Farm Bureau organization in Richland county, and J. A. Burkhart, manager of the Farm Bureau office here, attended a meeting of Farm Bureau organization managers from the 12 counties comprising District 2 at the Say club yesterday.

Ral Elliott, field supervisor, met with the organization managers.

Miss Alice Shribert, of the state organization department at Columbus, discussed a people's cooperative program which has been put into effect on an experimental basis in Champaign county.

Raps 'Old' Housing

COLUMBUS — (AP) — Ohio houses many of its wards in unsafe and antiquated buildings, says State Welfare Director John H. Lamneck.

Lausche Honored

CINCINNATI—(AP)—Gov. Frank J. Lausche will be a guest of honor at a northern Kentucky Democratic dinner at Hotel Gibson here, April 21.

Clothing Mills, Suit Makers Engage In Lusty Tug of War

By SAM DAWSON

NEW YORK —(AP)— There's a lusty tug-of-war going on down in the clothing district. And right in the middle is the cost of your fall suit. They may be able to tear a little off its price tag, if the contest isn't called for time first.

On one side are most of the woolen mills, who say they can't cut cloth prices, because of the cost of wool and of labor. On the other are the suit makers, who are betting on the mills having to cut prices anyway, because men aren't buying suits at present prices in anything like inspiring quantity.

They'll have to decide the tug-of-war probably in a couple of weeks or so, or all concerned may lose.

Cutters aren't buying any cloth just now. They say the price is too high if they are going to make suits they can sell. They hope their reluctance will force the mills to cut price, even if it means a loss, in order to keep operating.

One worsted mill, Metcalf Brothers & company, cut prices 30 cents a yard—from $4.20 to $3.90 a yard for the standard 13-13½-ounce, 64s single-filled worsted suiting, if you want to be technical.

The cutters sat on their hands. They want $3.75. The 30-cent cut, they say, would mean only a $1.50 drop in suit prices, if labor and other costs remain constant.

This shows how small a part fabric plays in the cost of a suit, compared to labor and mark-ups along the way.

The grandaddy of the mills, American Woolen Mills, says it isn't going to follow Metcalf's price-cutting example, not yet, anyway. Other mills say they won't either, unless the other fellow starts the price war. Then, they indicate, they'd have to.

State Basketball Tourney Opens Today

Cuff Stuff By Fred Tharp

(News-Journal Sports Editor)

THE DIFFERENCE a year makes. . . . This time in the case of Wes Fesler, the scholarly football coach of Ohio State. . . . The last time we had an occasion to talk with the former all-America, he had just came through with a disastrous year—his first as Buck chieftain. . . . Then in 1948 he proved his metal as a grid coach and almost got a Rose Bowl bid for the Staters. . . . Only a loss to Michigan, the country's No. 1 team, spoiled the chance. . . . Last night, Wes talked football at the JayCee Bosses Night party at the Leland and seemingly has a new-born confidence. . He sold himself and his high ideals of the grid sport to a bunch of fellows with ease and dispatch. . . . Some of the group had been disbelievers in the Fesler method of grid teaching. . . But most of them left the meeting with a newly-found respect for the one-time Phi Beta Kappa. . . . His style of delivery has improved and he has injected more of the humorous note into his "sales talk." . . . We sincerely believe that if all coaches would teach the type of character that Fesler does, the game of football would be on a much higher plane than it is now.

★

ABOUT HIS 1949 team, Fesler has little to say. . He lost a whole raft of key men including Mansfield's Dave Templeton. . . Wing-back is a touchy spot and he plans to try 10 different players at the spot during spring drills which start March 28. . . . He told us, "If you would ask me after spring training how the State team will fare next season, I could tell you. The spring training period will be devoted entirely to experimentation. Next fall when we start again we'll know just where we're going."

★

ONE THING is sure. . . . Fesler believes that all football players these days have to be loaded in the brain department. He says that 17 years ago linemen could be just brawn and get away with it, but now they have to be brainy. . . The linemen have to be able to shift assignments in a split-second because of the many defensive styles.

He cited the Michigan game where the Wolverines used eight different defenses and his club seven. . . He thinks that the heroes of the game are the linemen and blocking backs and that 95 per cent of the ball-carriers should pay their way into the games. . . "If the linemen do their jobs right anyone can carry the ball."

★

ODDS AND ADDENDA: Fesler has spent only eight nights with his family since the end of the football schedule, so heavy has been his speaking schedule. . . . He calls the Army team of two years ago "the greatest collegiate football team of all-time." . . . An extra mailman has to be put on during the season to handle all of the extra mail the downtown quarterbacks send his way. . Most of the letters have pet plays and Wes says he has a drawer full of them. . . . He mentioned one letter which said in part, "Perfect the 60-yard pass for Michigan. Don't use any of those plays that gain only two or three yards, use the one's which gain 10. And don't let Michigan have the ball because it has a good offense."

'B' Quintets Open Show, 'A's' Friday

By FRITZ HOWELL
(Ohio AP Sports Editor)

COLUMBUS—Ohio's high school basketball championship tourney opens today—the climax of the country's biggest cage carnival.

The historic, memory-filled coliseum at Ohio State fairgrounds is the scene as four Class B quintets go into the three-day drive to the most coveted titles in Buckeye scholastic athletics.

Weeks ago 215 Class A and 945 Class B teams started down the long tournament trail.

EIGHT IN RACE

Today only eight of the 1160 are still in the race for the crowns won a year ago by Findlay's Trojans in Class A, and Eaton in Class B. Of the eight, two are former champions, Hamilton public taking the Class A crown in 1937, and North Canton grabbing the Class B laurels in 1939.

Only the Class B teams see action today. New Lexington of Perry county boasting 26 wins and one loss, meets Delphos St. John (27-3) at 2:30 p. m., and North Canton (22-6) tangles with Lockland Wayne (30-1) at 8 p. m.

The Class A group wheels in Friday, with Niles (13-9) meeting Hamilton public (23-1) at 2:30 p. m., and the Central Catholic club of Toledo (25-3) meeting Akron St. Vincent (17-5) in the evening. Finals in both classes are set for Saturday.

Three parochial schools, one all-Negro institution and four other public schools make up the field.

No Catholic school has even won the Class A championship, but two of the state's Class A parochial teams are still in the fight. Three times the Class B Brown has gone to parochial teams, Akron St. Mary winning in 1929, Lancaster St. Mary in 1930, and Sandusky St. Mary in 1936.

PAROCHIALS BOW

Parochial teams were defeated in each class in last year's finals as Hamilton Catholic fell before Findlay, and Lima St. Rose bowed to Eaton.

Last year the four teams from the western half of the state defeated the four eastern representatives in the semi-finals, and the same thing is possible this year, due to the "luck of the draw."

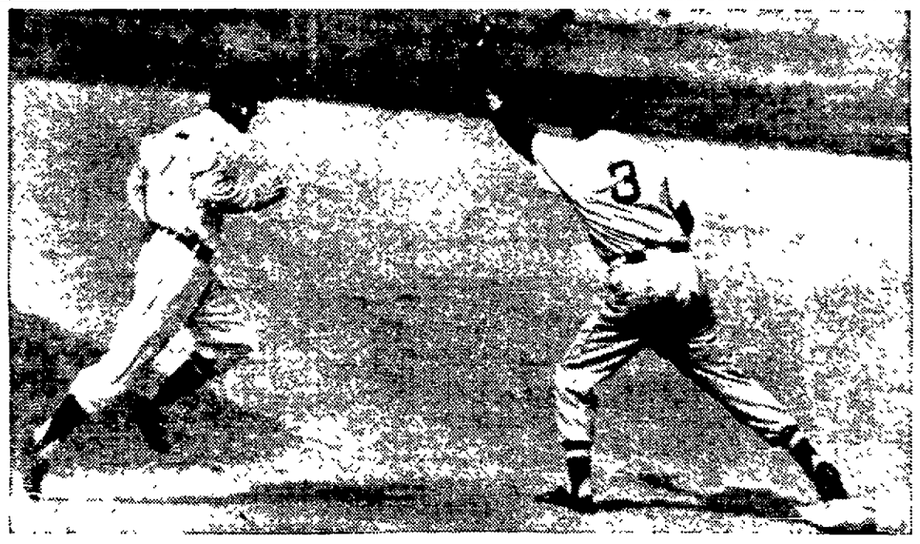
This afternoon's fray was a sellout, but H. W. Emswiler, state high school athletic commissioner, said the public might be able to pick up around 2500 ducats for tonight's game. All the other sessions are up to the "standing room only" status.

One of the state's unusual athletes appears in this afternoon's game as Dave Schmelzer of Delphos St. Johns takes the floor. The 17-year-old six-foot two-inch senior has poured more than 500 points through the hoop this year, despite the fact he can see only about 10 feet.

He shoots with either hand, and scores on about 50 per cent of his shots. Delphos handed Toledo Central Catholic, one of the Class A finalists, a 54-40 defeat early in the campaign, and Dave got 20. His high mark is 37 against Delphos Jefferson, Crosstown rival.

Boryla Is Tops

NEW YORK — (AP) — The Metropolitan Basketball Writers association today named all-America Vince Boryla of Denver university the outstanding visiting courtman to play here and picked Dick McGuire of St. John's as the standout player in New York.



BIG RED SOXER—Besides carrying a wicked wallop at the plate, Walter Dropo, new first sacker of the Red Sox, makes a good target at the initial sack as he utilizes his 6-5 frame to stretch in all directions. In this training camp game, Dropo has the runner by a "mile."

Art Hilborn Leads City A Pin Barrage; Nine Bowlers Make Honor Roll In Loop

City A bowlers were up to their old wood busting tricks last night at the Colony alleys as no less than nine of the "experts" played an honor roll tune on the pins.

Colony Manager Art Hilborn was easily the big gun as he lowered the boom on 690 sticks while rolling in the anchor spot for Bissman's Birdie Brands. He had games of 255, 213 and 222.

Hilborn's efforts paced the Birdie Brands' quintet to a 1047 single game and a whopping 2976 series. But Bissman's was able to win only two of three from the second-division Eagles. Jerry's 36 Bar cut one game off the Bissman's lead by sweeping three from Ace Cabs. Dr. Pepper had a 2862.

Floyd Messmore, Hilborn's teammate, chipped in with a fine 249-191-216—656 while Bob Hilborn, Max Diner, had 203-204-245—652. In fourth spot was Bob Bieri, Eagles, with 216-218-209—643.

Completing the honor roll were: Frank Burton, Mitsch's Corner Store, 195-234-208—637; Kenny Carlysle, Deschner's Cabinet Shop, 203-201-222—626, Cliff Forsythe, Dr. Pepper, 245-202-172—619; D. Dancer, Dr. Pepper, 188-201-212—601 and Harold LeMunyon, 36 Bar, 211-192-198—601.

Just missing the charmed circle were Nick Weber and C. Schroeder, with 599's. Weber had games of 199, 175 and 225 for Liederkranz while Schroeder busted 212-203-184—for Mid-Ohio. Dale Cleckner, Liederkranz, got off to a good start with games of 205 and 225 but dropped way down to a 160 and 590 total.

Some 45 200-games were concocted in the "A" circuit with Jack Hanrahan's 256 for Eagles as the top effort. Joe Lain had a 243 for Ace Cabs and C. Henry, 233 for Mid-Ohio.

Other top scores: Bud McKee, Diner, 590, and Orlie Grable, Mitsch's, 582.

★

F. Schnittke was tops in the Westinghouse "A" league with 196-211-169—576, while Paul Jesson had 175-191-204—570.

Others: G. DeWeese, 561; R. Faulk, 549; T. Kithcart, 541; G. Schonauer, 540, and R. Maneese, 539. Schonauer had a 223.

★

Dan Bormuth, Ideal Panel, paced the Victory loop with 169-224-176—569 while second place went to Kenny Carlisle, Renie Metal, with 150-167-214—531.

Others: Jack Irwin, Whitney Oils, 513; Howard Young, Whitney, 512; Denny Berry, Home Interiors, 508; Harlow Hesson, OSR, 507 and Ted Coleman, Tony's Canfield, 506.

Ideal tied Tony's for the league lead by winning two of three in their match. Tony's had the high team count of 2328. Renie Metal won the only sweep from Mansfield Machine.

★

Lead in the Westinghouse B circuit went to Cliff Penrose with 205-167-183—655, while F. Bertka had 143-162-240—545. Others: Jim Kurek, 504; L. Barnes, 501, and John Heckert, 499. Barnes had a 214.

★

A 494 by Peg Shoup led the Richland Ladies league. Peg had games of 192, 155 and 147 for Fairview Bar. Hon Wehinger, McCarrick's, was second with 202-127-144—473.

Others: Elnora Gentille, McCarrick's, 471; Martha Dye, 462; Garnet Karl, 450; Billie Cleckner, 448, and Nellie Forman, Mansfield Lumber, 445.

★

H. Van Riper had a commendable 186-170-222—578 in the Westinghouse W league. J. Slaybaugh had 228-178-126—532 for second honors. Others: H. Waldman, 527, and C. Bauer, 498.

★

Jack Henry had 139-185-169—493 in the Isaly's league while Bud Houston came in with 156-160-171—487. Paul Zartman jr. had 476 and Phil Decker 466.

★

Dominion Women's league lead went to Sis DeWeese with 153-154-158—465 while Audrey Campbell had 163-154-135—452. Others: Evelyn Phillips, 431; Radena Lec, 415; Mary Melton, 409; Angela Johns, 409, and Nellie Bonecutter, 404.

★

Bob Tipul had a 197-138-188—523 in the St. Peter's Alumni league while Dom Augustine had 185-161-160—506. Jerry Dillon had 497.

Joe Louis Picks Chicago As Site For Heavy Bout

CHICAGO—(AP)—Joe Louis, in his new role as boxing promoter, has picked Chicago for the Ezzard Charles-Jersey Joe Walcott heavyweight scrap for the Brown Bomber's vacated title.

It was in Chicago's Comiskey park Louis lifted the heavyweight crown from Jim Braddock in 1937 and it may be in the same ball park next June that the proposed 15-round match between Charles and Walcott takes place.

The date might be June 22, the night Louis won the championship in the White Sox park nearly 12 years ago. The date and site will be announced later.

The Charles-Walcott bout would be for the National Boxing association's version of the heavyweight championship. New York, one of the two states not a member of the NBA, has suggested an "elimination" tournament for Louis' title and will not recognize the Charles-Walcott winner as champion.

Massachusetts is the other non-NBA state.

Louis announced the Charles-Walcott affair yesterday with his partners in the new international boxing club. They are Arthur Wirtz and James D. Norris, Chicago stadium and Detroit Olympia executives. The new combine will appear Monday before the Illinois Athletic commission and request a license.

The retired heavyweight champion said Chicago was picked as a site "after carefully considering substantial offers from Detroit, Pittsburgh, Philadelphia, Cleveland and Cincinnati." He said Sam Becker, Cincinnati promoter, offered to guarantee a $500,000 gate.

Ohio State Wins First Game On Southern Jaunt

AUSTIN, Texas — (U.P.) — The Ohio State university baseball team departed for college station today after administering a 5 to 1 defeat to the University of Texas Longhorns yesterday.

The loss was the Texans' first on their home grounds to a college team in three years.

Southpaw Dick Hess held the hard-hitting Texans to two scratch hits while his mates jumped on Longhorn hurlers for eight hits and five runs.

Hess walked five men but timely double plays snuffed out the would-be rallies. He missed a shutout by the two hits which came together in the third inning.

During pitching practice yesterday, Floyd Stahl, OSU coach, was struck on the left forearm by a drive off the bat of pitcher Al Hessalo. An x-ray revealed there was no fracture.

Outfielder George Stone of St Louis led the American League batters in 1906 with .358, the only rookie ever to top the circuit's hitters.

Cardinal Dynasty Near End of Fame

By LEO H. PETERSEN, United Press Sports Editor

ST. PETERSBURG, Fla.—The St. Louis Cardinals dynasty has been slipping and this is the year it could disintegrate.

For it is generally agreed that if the Red Birds don't make it this year it will be a long time before they get back to the top. It is a club that is running out of gas for it has few, if any, promising youngsters coming up, its farm system needs rebuilding, and its key ball players keep getting older.

But so long as they have fellows like Stan Musial, Harry Brecheen, Enos Slaughter, Marty Marion and Whitey Kurowski around, they are bound to be tough. If they all could put together a banner year—well, it's like Manager Burt Shotton of the Dodgers says, the Cards could take it all.

A lot of taking is in the making, however, but Manager Eddie Dyer is confident as usual.

"We have some problems, but so do all the other clubs," he said. "We may lack reserve strength, but if we can keep our regulars in there every day, we won't have to worry about not having a strong bench."

St. Louis lost its pennant chances last year when Kurowski and Red Schoendienst were lost to the club because of injuries. Dyer had no player who could come close to taking their places.

It looks like both Whitey and Red are ready to go again and Marion, too, looks like old Mr. Shortstop. There is nothing to indicate that either Musial, Slaughter or Brecheen is slipping but the latter two have reached the age at which most ball players are past their peak. Slaughter is nearing 33, Brecheen is coming up to 35.

ANOTHER PENNANT

If they all hold up it could be another pennant for Sportsman's Park. But there also are other problems which Dyer has to overcome—to find a first baseman and a catcher.

Catching is the biggest one for Musial can always play first. But that leaves a big hole in the outfield.

Dyer is hoping that Vernal (Nippy) Jones, who doesn't do too badly at the plate but lacks fielding finesse, or rookie Glenn Nelson, who hit .301 at Rochester last year, will fill the bill at first. That would set up the infield with Schoendienst at second, Marion at short and Kurowski at third.

It also would solve two of the three outfield spots with Musial and Slaughter on regular patrol. For that third garden berth there is Ron Northey who can hit but not field and Erv Dusak and Charley Diering, both of whom are accomplished fielders but all-American outs at the plate.

As important as that infield-outfield situation is, catching is still a larger order. It depends for the most part on whether little Joe Garagiola can finally come through and live up to the promise he showed in the 1946 World Series. He developed into a bust after that so last year the Cards sent him back to the Minors and he hit .356 with Columbus.

Off the records, the best fielding catcher in the majors is Del Rice, but he hit only .197 last year.

25 Lettermen

CINCINNATI, O — (INS) — Twenty-five lettermen are among 84 University of Cincinnati football candidates who reported to head coach Sid Gillman for spring training.

Whittler Back For Third Go In Mansfield

Whitey Whittler, one of the arch-villains of the grunt and groan business, will be back in a Mansfield ring for the third straight time Saturday night at the armory.

A rough dutchman, Whittler may meet his match in Stacy Hall, the Columbus cop who is a master of the sleeper hold. Whittler has out-roughed Larry Kasaboski and Karol Krauser in other Mansfield main-event appearances while Hall last week won a two-of-three falls encounter with Benny Trudell.

Whittler and Hall will meet in the two-of-three falls main event.

In the other match, announced today by Promoter Clete Kaufman, Buzz Jones Omaha, will meet George Strickland, a Columbus matman. Strickland is a physical education major at Ohio State. They will open the show.

Possibly the feature attraction will be the girls' tag-team semi-final. June Byers, the Houston beauty, will team with Juanita Banks against Cecilia Blevins and Viola Viann. The latter mat artist wrestled here two weeks ago.

Advance tickets are on sale at City News.

Three 10 Rounders Set In Cleveland

CLEVELAND — (AP) — Three 10-round fights are scheduled for the arena Monday night, promoter Larry Atkins announced.

Lee Sala of Donora, Pa., will meet Georgia Small of Brooklyn, and Bee Bee Wright of Philadelphia faces George (Wildcat) Henry of Puerto Rico in middle weight contests. The third bout features lightweights Tony Arnone of New York and Jesse Underwood of Charleston, W. Va.

Senior High Cage Point Total's Tops

Figure filberts would have a field day going over the statistics of the 1948-1949 Mansfield Senior high school basketball team.

Coach Vern Hoffman used 20 varsity players in racking up 19 victories in 27 games. The Tygers won the sectional and district tournaments and were eliminated by only one point in the regional finals.

The 20 players averaged 6.3 per game in every contest they were in and slender Jimmy Anderson, the accurate junior, rammed home a total of 365 to lead the parade. Anderson notched 143 field goals and 81 free shots in compiling his big total, the second highest ever compiled by a Mansfield cager.

Then Norb Shibinski hit the nets for 296 points, a figure Hoffman terms as the highest ever compiled by a Senior high center. Big Norb had 123 fielders and 50 fouls. Ken McCally, soph guard, also got into the record department with 204 markers, the most ever tallied by a Bengal first-year man.

The over-all production was 545 field goals and 321 of 629 foul shots. The team counted 1,411 points, an average of 52.3, another high.

Demyan won the foul shooting trophy with 55 connections in 89 attempts, an average of .619.

Acts to Keep Meet In Capitol

COLUMBUS — (UP) — Mayor James A. Rhodes today fought off attempts to have the state basketball tournament removed from this city in the future with a three-point program to extend Columbus' facilities.

His plan came amid rising pressure from Hamilton to have the tourney moved to Cincinnati. Hamilton officials said the 3,115 seats alloted them for the current tournament were not enough and they wanted it moved to Cincinnati's new $3,000,000 capacity sports arena.

Rhodes proposed:

1. Providing 1,000 additional seats for the current tournament, bringing the capacity at the fairgrounds coliseum to 7,700. This was done at a meeting of sports officials and the state fire marshal yesterday.

2. Speed up the building of the new $4,500,000 memorial hall in down-town Columbus to seat 12,000 fans.

3. Transfer the games to the planned new Ohio State university field house with would seat 25,000 fans. This is expected to be finished after the memorial hall, which is to be ready in 1951.

"We must have our new veterans memorial auditorium just as soon as possible," Mayor Rhodes declared. "All official red tape should be cut immediately.

"Columbus is not going to lose this basketball tournament," the Mayor delcared. "We must do everything possible to step up the building of the new memorial hall."
